RE: Verde Energy License Updates - Concerning Verde Energy USA, Inc. and Verde Energy USA Pennsylvania, LLC's Electric Generation Supplier & Natural Gas Supplier License(s).

To Whom It May Concern:

Verde Energy USA, Inc. and Verde Energy USA Pennsylvania, LLC ("Verde") submits this in accordance with 52 PA. Code §54.34 and 52 PA. Code §62.105, to notify you of a change in the organizational structure of the entity granted License No(s). A-2010-2151038 & A-2013-2375988

While we previously communicated that Verde and Spark intended an 18-month transition period during which Verde's management team would continue to operate Verde in their then current positions, subsequent events affecting the Verde management team changed that plan. As a result of the unexpected changes, Verde and Spark agreed to conclude the 18-month earn-out sooner than originally anticipated, with a transition and integration to be implemented in April, 2018. Despite the changes, Verde will continue to operate as a separate brand independent of the Spark brand.

As communicated previously, the management team is now composed of personnel from Spark who are experienced in operating retail electricity suppliers in many states, including in Pennsylvania and will continue to have the financial, managerial and technical ability to provide effective service to their respective customers. Verde reiterates that it does not intend to make any changes in services or customer population at this time.

Verde has updated its registered agent in the state of Pennsylvania as follows:

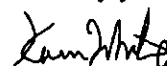

600 N. 2nd Street, Suite 401
Harrisburg, PA 17101 -1071

Verde has updated its primary place of business as follows:

12140 Wickchester Lane
Houston, TX 77279

Please contact the undersigned if there are any questions concerning this matter.

Sincerely yours,

Karen White
