**Re: Agreement dated April 27, 2017 between the Borough of
Dunmore and Pennsylvania American Water Company for
Street Sweeping and Inlet Cleaning Services**

Dear Ms. Chiavetta:

On behalf of Pennsylvania-American Water Company, I am e-filing, according to Section 507 of the Public Utility Law, the above-referenced agreement.

Respectfully submitted,

Susan Simms Marsh

blg
Enclosure

cc: D. Rickard

**Agreement for Street Sweeping and Inlet Cleaning Services
between
The Borough of Dunmore
and
Pennsylvania-American Water Company (PAWC)**

This Agreement for Street Sweeping and Inlet Cleaning Services (this "Agreement"), is made this 27th day of April, 2018, (the "Effective Date"), by and between The Borough of Dunmore, a Pennsylvania Municipality, having an address of 400 South Blakely St., Dunmore, Pennsylvania (hereinafter referred to as "Borough") and Pennsylvania-American Water Company, a Pennsylvania corporation, having a mailing address of 800 West Hersheypark Drive, Hershey, PA 17033 (hereinafter referred to as "PAWC").

WITNESSETH:

WHEREAS, the purpose of this agreement is to memorialize the current responsibilities of the signatory parties associated with street sweeping services and other stormwater inlet/catch basin related cleaning and maintenance activities associated with the combined sewer system within the wastewater service territory of PAWC's Scranton wastewater operations.

WHEREAS, the responsibilities listed below are consistent with PAWC's Nine Minimum Control Plan associated with its combined sewer system and the Borough's obligation associated with its MS4 stormwater system.

NOW, THEREFORE, in consideration of the mutual covenants expressed in this Agreement and for good and valuable consideration, the receipt and sufficiency of which are acknowledged, and intending to be legally bound hereby, the parties agree as follows:

1. The parties agree to meet periodically (frequency may vary from monthly to quarterly) to coordinate activities outlined in this Agreement and discuss opportunities to collaboratively improve operations.

2. The Borough agrees to continue to provide street sweeping activities for municipal roadways within the wastewater service territory of PAWC's Scranton wastewater operations. Schedules for such operations will be provided to PAWC and posted for public use.
3. PAWC agrees to continue to perform cleaning of storm drainage inlets and catch basins associated with PAWC's combined sewer system to remove grit and other material. PAWC plans to mark select storm drainage inlets with plaques or other markings to inform the public and differentiate these inlets from stormwater only (MS4) inlets which are owned and maintained by the Borough.
4. Methods and procedures associated with the party's respective responsibilities shall be consistent with industry standards. Neither party shall charge the other signatories for the responsibilities outlined herein.
5. The term of this Agreement shall continue until such time as either party provides notice within 90 days to the other signatories to this Agreement.
6. This Agreement is subject to the approval of the Pennsylvania Public Utility Commission, which approval shall be in form and substance reasonably satisfactory to PAWC.
