Re: Petition of Senator Dinniman for Interim Emergency Relief; Docket No. P-2018-3001453;
Senator Dinniman v. Sunoco Pipeline L.P.; Docket No. C-2018-3001451

After reading Senator Dinniman's petition, our township feels compelled to respond. Without reservation, we can say that Sunoco Pipeline has been an open book from long before its projects began to the present.

Since 2013, it is hard to count the number of times that Sunoco Pipeline representatives have met, called or emailed us about a variety of issues. We understand that pipeline construction, like any other form of construction, comes with its challenges. However, they always worked toward preparing us for these potential setbacks.

From open houses to preconstruction meetings, regulatory compliance and construction updates, to road-use meetings and first responder trainings, representatives of the Sunoco Pipeline community relations and construction teams have been in constant contact with us and our community.

While we cannot speak for West Whiteland, we can say there's been a generally positive feeling among municipalities in western Pennsylvania as it pertains to Mariner East. It's our hope that the tail does not wag the dog on a project of this magnitude. Please allow construction and operations to continue for ME1 and ME2 as soon as possible. The longer these project are delayed, the longer our township is affected.

Sincerely,

Kenneth B. Walters, Chairman
Supervisor Loyalhanna Township

Cc:

Chairman Gladys M. Brown
Vice Chairman Andrew G. Place
Commissioner John F. Coleman Jr.
Commissioner David W. Sweet
Commissioner Norman J. Kennard
Sunoco Pipeline L.P.
