gas distribution system in Mexico. During his time with TXU, he also worked as the Director of Government Issues and was appointed by the Governor of Texas as a member of the Oil and Gas Compact Commission. After leaving TXU, he spent one year as an Energy Consultant Executive for CDM Energy Management followed by the next three years as a Senior Director of C&I Sales for Direct Energy focusing on the ERCOT market in Texas. Marzuola strengthened his tenure in the energy industry during the next seven years with Hudson Energy as the Senior Vice President of Sales of North America and the General Manager of the United Kingdom operations. Marzuola holds a Bachelor of Science in Engineering from the Southern Methodist University and a Masters of Business Administration.

Kevin McAlpin
Vice President and General Counsel
11011 Richmond Avenue, Suite 500
Houston, Texas 77042

Mr. McAlpin came to EMEX in April 2016 after previously serving as a senior attorney at a law firm representing a variety of businesses, including energy companies, in a various matters, including complex contract issues, mergers and acquisitions, compliance, and conflict resolution.

Prior to this Mr. McAlpin served as legal counsel for the United States operations of Just Energy and as counsel for its commercial entity, Hudson Energy, as well as Hudson Energy Solar Corporation.

Mr. McAlpin also previously served as legal counsel for Standard Renewable Energy and its ultimate parent company, GridPoint, advising on the full range of legal issues facing the entities.

Mr. McAlpin also previously served as litigation counsel for Exxon Mobil Corporation immediately following his graduation from law school.

Mr. McAlpin holds a Bachelor of Arts degree from The Citadel, The Military College of South Carolina, a Master of Business Administration degree from the University of Mississippi, and a Doctor of Jurisprudence degree from the University of Houston Law Center.

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on www.fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including the intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental or consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
