Re: Docket C-2018-3001474, Dorene Dougherty

Secy. Chiavetta,

My name is Eldon Kibler, I am not representing Dorene Dougherty, but am assisting her in replying to your notice to reply to the PUC notice to reply of objectionable new material. (I may have the preceding phrase incorrect.)

Dorene does not have access to a computer and must depend upon others for information to properly respond to your requests. The deadline for her to reply is, I believe June 14, 2018. This deadline cannot be met because information must be mailed back and forth. She is trying to complete your requests in a timely manner, but it will probably be a couple of weeks before she can have her finalized response to you,

Sincerely,

Eldon Kibler
