**Re: Duquesne Light Company – Rider No. 20 Smart Meter Charge  
Erratum to Supplement No. 180 to Tariff Electric – PA. P.U.C. No. 24  
Docket No. – M-2018-3002964**

Dear Secretary Chiavetta:

On June 21, 2018, Duquesne Light Company (“Company”) filed Supplement No. 180 to the Company’s Tariff-Electric, PA. P.U.C. No. 24, which amended Rider No. 20 – Smart Meter Charge, to become effective July 1, 2018. On June 28, 2018, the Secretary’s Bureau issued a Secretarial Letter authorizing the proposed updated Smart Meter Charge rates contained in Supplement No. 180 to become effective as filed.

It has come to the Company’s attention that two pages of Supplement No. 180, labelled “List of Modifications” and “Thirty-Seventh Revised Page No. 108, Cancelling Thirty Sixth Revised Page No. 108,” contained inadvertent page numbering errors. Therefore, enclosed for filing, please find a corrected copy of each of those two pages to Supplement No. 180. These corrected pages to Supplement No. 180 correct the page numbering errors only; they contain no substantive changes to Supplement No. 180.

Should you have any questions, please feel free to contact me or David Ogden, Manager of Rates and Tariff Services, at 412-393-6343.

Respectfully Submitted,

LIST OF MODIFICATIONS MADE BY THIS TARIFF

DECREASES

Rider No. 20 – Smart Meter Charge

Thirty-Eighth Revised Page No. 108  
Cancelling Thirty-Seventh Revised Page No. 108

The Smart Meter Charge has been adjusted as required by the provisions of the Rider.

The monthly charge per meter has decreased from \$4.24 to \$4.17 for Single-Phase meters.

The monthly charge per meter has decreased from \$6.29 to \$6.05 for Poly-Phase meters.

**STANDARD CONTRACT RIDERS - (Continued)**

**RIDER NO. 20 – SMART METER CHARGE**

**(Applicable to Rates RS, RH, RA, GS/GM, GMH, GL, GLH, L, HVPS and AL)**

**PURPOSE**

The Smart Meter Charge (“SMC”) is instituted as a cost recovery mechanism to recover all costs to implement the Company’s Smart Meter Procurement and Implementation Plan (“Plan”). The SMC has been added per Commission Order at Docket No. M-2009-2123948. Act 129 (“Act”) became effective November 14, 2008, requiring all Pennsylvania electric distribution companies (“EDCs”) with more than 100,000 customers to implement smart meters. Act 129 set forth the timeline for implementation, the definition of smart meters and the provisions for full and current cost recovery of all costs incurred by EDCs to install and make fully functional a smart meter system defined in and required by Act 129. The Company filed its Plan on August 14, 2009, in compliance with the Act, including this Charge and provisions for cost recovery. This Charge shall be updated as described below to recover all costs associated with implementing the Plan.

The SMC is a non-bypassable charge and shall be applicable to the monthly bill of all metered customers based on the number of meters installed at the premise.

**ELIGIBLE COSTS**

The SMC recovers all eligible costs incurred by the Company to implement smart meter technology and the supporting infrastructure. Eligible costs, described in 66 Pa. C.S. § 2807(f), include capital and expense items relating to all Plan elements, equipment and facilities, as well as all related administrative costs. Plan costs include, but are not limited to, capital expenditures for any equipment and facilities that may be required to implement the Plan, as well as depreciation, operating and maintenance expenses, a return component based on the EDC’s weighted cost of capital and taxes. In general, eligible administrative costs include, but are not limited to, incremental costs relating to Plan development, cost analysis, measurement and verification and reporting. The costs associated with testing, upgrades, maintenance and personnel training are considered eligible costs.

**MONTHLY SMART METER CHARGE**

<b>Meter Type</b>	<b>Monthly Charge Per Meter</b>
Single-Phase	\$4.17
Poly-Phase	\$6.05

(D)  
(D)

The SMC, calculated independently for each meter type, shall be applied to all applicable customers served under the Tariff. Customers will be billed based on the number of meter types installed at their premise. Customers with multiple meters will incur multiple charges. The SMC shall be determined in dollars and cents per month per meter in accordance with the formula described in the “Calculation of Charge” section and shall be applied to all applicable customers served during any part of a billing month.
