Docket No. 2018-00103

May 7, 2018

COST CONTROL ASSOCIATES, INC.
Application for License to Operate
As A Competitive Electricity Provider

ORDER GRANTING LICENSE

VANNOY, Chairman; WILLIAMSON and DAVIS, Commissioners

I. SUMMARY

Through this Order, Cost Control Associates, Inc. (CCA or the Company) is issued a license to operate as a competitive electricity provider furnishing aggregator/broker services to the non-residential customer classes throughout Maine's service territories pursuant to Chapter 305 of the Commission's Rules.

II. APPLICATION AND DECISION

On May 1, 2018, CCA applied to the Commission to operate in Maine as a competitive electricity provider pursuant to Chapter 305. The Company proposes to provide aggregator/broker service to the non-residential customer classes throughout Maine's service territories and has met all the Chapter 305 filing requirements.

As a licensed competitive electricity provider, CCA is required to comply with all applicable requirements and regulations, including all conditions of licensing, assignments, customer protection rules, and the filing of annual reports. To the extent that a licensed competitive electricity provider uses third-parties to assist in obtaining customers during the course of its business, Chapter 305 § 4(C) of the Commission's rules places the responsibility on the competitive electricity provider for violations of the provisions of this section by representatives or agents acting on the competitive electricity provider's behalf. Chapter 305 § 2(C)(3) also requires a competitive electricity provider to use reasonable efforts to avoid conducting business with any entity acting as a competitive electricity provider in Maine without a license from the Commission. Therefore, if the Company uses a third party to market its services, it is responsible to ensure that the third party has met any licensing requirements of the Commission.

Pursuant to a Delegation Order dated April 23, 2008 in Docket No. 2008-185, *PUBLIC UTILITIES COMMISSION, Delegation of Authority to License Competitive Electricity Providers*, the Commission delegated to the Director of Technical Analysis the authority under 35-A M.R.S. §§ 3203 (1) & (2) and Chapter 305, §2 to license competitive electricity providers. The Commission no longer has a Director of Technical Analysis and all existing delegation orders that delegate Commission authority to the Director of Technical Analysis is now delegated to the Director of Electric and Gas Utility Industries.

Accordingly, it is

ORDERED

1. That Cost Control Associates, Inc. is hereby issued a license to operate as a competitive electricity provider pursuant to Chapter 305 of the Commission's Rules, to provide aggregator/broker services to the non-residential customer classes throughout Maine's service territories pursuant to Chapter 305 of the Commission's Rules; and
2. That this license is effective on the date of this Order and valid until revoked or suspended by the Commission pursuant to section 3(A)(4) of Chapter 305, or abandoned by the licensee pursuant to sections 2(D)(10) and 2(D)(11) of Chapter 305 of the Commission's Rules.

Dated at Hallowell, Maine, this 7th day of May, 2018.
