Dear Secretary Chiavetta:

On June 19, 2018, Duquesne Light Company ("Duquesne Light") filed a Letter of Notification of Duquesne Light Company, Filed Pursuant to 52 Pa. Enclosures

H. LETTER OF NOTIFICATION

35. Duquesne Light is proceeding by means of a Letter of Notification, instead of a full Application, pursuant to the Commission's regulations at 52 Pa. Code § 57.72(d)(1)(iii) and 52 Pa. Code § 57.72(d)(1)(vi).

36. The transmission line work associated with this Project qualifies for use of a Letter of Notification under 52 Pa. Code § 57.72(d)(1)(iii) because the entire Project will be constructed entirely within property that is owned in fee by Duquesne Light Company and entirely within Duquesne Light's existing right(s)-of-way ("ROW").

37. It is Duquesne Light's position that the Project will not substantially alter the existing ROW.

38. The transmission line work associated with this Project further qualifies for use of a Letter of Notification because the existing transmission lines are being re-routed with no significant changes in the size, character, design or configuration of the conductors and it does not substantially alter the right-of-way beyond the property of Duquesne Light Company.

39. The transmission line work associated with this Project qualifies for use of a Letter of Notification under 52 Pa. Code § 57.72(d)(1)(vi) because the proposed transmission line has a proposed route of two (2) miles or less, as indicated in Paragraph 14, above.

40. This Letter of Notification is filed on June 19, 2018. As provided in 52 Pa. Code § 57.72(d)(5), the Commission will review and, by order, approve or disapprove this Letter of Notification. If the Commission approves this Letter of Notification, the proposed project will be constructed as proposed herein without the formal application process set forth at 52 Pa. Code §§ 57.71, *et seq.*
