**Re: Assignment of Customer Contracts from Spark Energy, LLC (A-2009-2145787), to Verde Energy USA, Inc. (A-2010-2151038)**

To Whom It May Concern:

Pursuant to the assignment rules of Pennsylvania Public Utility Commission and the Purchase Agreement between the parties, Spark Energy, LLC ("Spark") and Verde Energy USA, Inc., ("Verde") jointly provide notice of an assignment of customer contracts from Spark to Verde. The effective date of the transfer will be the customer's first meter read date on or after August 8, 2018.

Included with this notification is a copy of the letter which provides assigned customers with 30 days' advanced notice of the transfer. Please see the attached table for number of assigned customers by utility territory. The existing terms and conditions, including pricing, will remain the same for the remainder of all existing contract terms. Spark, through counsel, attests that present customer contracts allow for assignment.

Spark does not intend to withdraw its license because it intends to continue acquiring and serving customers in Pennsylvania. Spark and Verde attest that they are compliant with all AEPS obligations.

Please contact the undersigned with any questions about this matter.

Sincerely,

Gil Melman  
Vice President and General Counsel

**NO ACTION REQUIRED:** Your service will continue under your current service agreement without interruption.

Dear «Customerfirstname» «Customerlastname»,

Spark Energy, LLC ("Spark") has appreciated the opportunity to serve as the Electric Generation Supplier (EGS) for your «Utility» account. However, in accordance with your terms and conditions, we are writing to let you know that Spark will assign your electric service to Verde Energy USA, Inc. ("Verde"), another EGS licensed by the Pennsylvania Public Utility Commission, effective with your first meter read date after the assignment transaction, on approximately August 8, 2018. After such date, you should contact Verde directly regarding your electric supply service.

Verde is run by an experienced team of energy experts with decades of retail energy supply and utility experience. The Verde team's experience in deregulated energy markets enables them to offer competitive prices and friendly customer service.

**No action is required on your part when this transfer occurs. Verde will honor your current agreement in place with Spark and there will be no changes to the terms or conditions through the life of your current contract. This transfer will not cause an interruption of your electric services and you should continue to pay your «Utility» bill as normal and call «Utility» in case of an outage or emergency just as you do today. The same quality support and service that you are used to with Spark will continue with Verde.**

If you have a fixed rate plan with Spark, your service will continue with the same fixed rate until the end of your contract term or upon cancellation of service (early termination fees may apply if your current contract provides for them). If you are currently served under a variable rate with Spark, your service will continue under the same variable electric rate. You may also contact Verde directly to see what other options are available to you, including new options with Verde when your contract expires.

If you have any questions about the transfer of service, please contact Spark by August 7, 2018. For your convenience, the contact information for both companies is shown below. We thank you for the opportunity to serve you and we are confident you will enjoy your new service with Verde.

Kind Regards,

## Frequently Asked Questions

### **Will my electric service be cut off?**

No, this transfer will not cause an interruption of your electric services and you should continue to pay your «Utility» bill as normal.

### **Who do I call in case of a power outage or emergency?**

Your Utility has not changed; you should call «Utility» for any outage or emergency just as you do today.

### **Will my current rate change?**

If you have a fixed rate plan with Spark, your service will continue with the same fixed rate until the end of your contract term or upon cancellation of service (early termination fees may apply). If you are currently served under a variable rate with Spark, your service will continue under the same variable electric rate. After August 7, 2018 you may also contact Verde directly to see what other options are available when your contract expires.

### **Will my meter read cycle or utility charges change?**

No, you will continue to receive your bill from «Utility» as you always have. The only change is that Verde will now be listed as the EGS.

### **What will happen to my contract / agreement with Spark?**

Contract assignment is allowed per the terms and conditions of your Spark agreement. Verde will honor your current agreements with Spark, so no changes will occur with their terms or conditions until the contract end date. If you are a Spark customer on a Variable Rate Plan, the variable electric rate will continue to remain on the same variable rate. You will also be eligible to renew to a fixed rate plan with Verde.

### **My contract was about to expire with Spark, what does this mean for me?**

If the contract expires before the effective date of your transfer, your service will continue under the Spark variable rate unless you choose a new fixed rate from Verde. If your contract expires after the effective date of your transfer, contact Verde for their current plan offerings.

### **Do I need to do anything to switch to Verde?**

No, you will not need to do anything. We will make this transition as smooth as possible for you. Spark will assign your electric service to Verde, another EGS licensed by the Pennsylvania Public Utility Commission.

### **When can I expect Verde to become my official EGS?**

Spark will assign your electric service to Verde, another EGS licensed by the Pennsylvania Public Utility Commission, effective with your first meter reading date after the assignment transaction, on approximately August 8, 2018.

### **Will I need to sign up with Verde or go through a credit check again?**

No, Verde welcomes you as their customer in a clear and hassle-free way.

### **How will I know when I have started services with Verde?**

Verde will appear as your EGS in the Energy Supply portion of your utility bill.

### **Will I be able to opt out of the switch to Verde?**

You can only opt out of the switch to Verde by requesting to drop to «Utility» or switch to another EGS while active with Spark. Early Termination Fees will apply if set forth in your current contract with Spark and only if you cancel your agreement with Spark prior to the end of your contract term. Your Early Termination Fee would be \$«ETF».

### **Who do I contact should I have questions?**

If you have any questions about the transfer of service, please contact Spark.

## NOTICE TO LICENSED ELECTRICITY PROVIDERS

### Availability of Confidential Treatment for Information Provided in Quarterly and Annual Reports

Note that pursuant to 52 PA Code § 54.39(d) these annual and quarterly reports “will be made available for public review upon request to the Commission subject to any rulings on confidentiality made by the Commission.” However, the Commission has issued a general ruling that the total amount of gross receipts that licensed EGSs are required to report pursuant to 52 Pa. Code § 54.39(b)(2) is considered proprietary and shall not be released to the public. See Petitions of Exelon Energy; Reliant Energy Retail, Inc.; and Statoil Energy Services, Inc for Protective Order, Order entered July 20, 2000 at Docket Nos. P-00991752; P-00991753; P-00991755, p. 5. Updates to tax information requested in the application form; the total amount of electricity sold (kWh); and, the percentage of total electricity supplied by each energy source remain available for public review. Confidential treatment of this information may be requested in accordance with established Commission procedures. See also 52 Pa. Code § 5.423.

To request confidential treatment of submitted information, a company must:

- (a) indicate clearly in its transmittal letter that the filing contains proprietary information;
- (b) explain briefly why the information should be treated as confidential; and,
- (c) supply four copies of the filing: two copies of the report with confidential data expurgated and two copies of the unexpurgated report. The unexpurgated copies must be clearly marked “Confidential.” The Secretary’s Bureau and the Bureau of Fixed Utility Services will maintain copies of each type of filing accordingly.

Pending Commission review of a request for confidential treatment and upon its approval, information designated as proprietary will not be made available for public review. However, if any member of the public, the Office of Consumer Advocate or the Office of Small Business Advocate requests to examine the propriety information, or if the Commission’s Office of Special Assistants or Office of Trial Staff believes that proprietary claim is frivolous or otherwise not justified, the Secretary’s Bureau will issue a Secretarial Letter directing the company to file within 14 days a petition for protective order pursuant to 52 Pa. Code § 5.423. During the 14-day period, the Commission will continue to honor the proprietary claim. Absent the timely filing of such a petition, the proprietary information claim will be deemed to have been waived.

While the Commission is considering whether to grant a petition for protective order, the company’s proprietary information claim will be honored unless a proceeding has been initiated to challenge the filing. In that event, the provisions of 52 Pa. Code § 5.423(b)(4) would apply. This provision requires the company to disclose the proprietary information to a party involved in the proceeding if the party “agrees to treat the information as if it were covered by a protective order until the presiding officer or the Commission issues the order or determines that issuance of the order would not be appropriate.”

## NOTICE TO LICENSED ELECTRICITY PROVIDERS

### Availability of Confidential Treatment for Information Provided in Quarterly and Annual Reports

Note that pursuant to 52 PA Code § 54.39(d) these annual and quarterly reports “will be made available for public review upon request to the Commission subject to any rulings on confidentiality made by the Commission.” However, the Commission has issued a general ruling that the total amount of gross receipts that licensed EGSs are required to report pursuant to 52 Pa. Code § 54.39(b)(2) is considered proprietary and shall not be released to the public. See Petitions of Exelon Energy; Reliant Energy Retail, Inc.; and Statoil Energy Services, Inc for Protective Order, Order entered July 20, 2000 at Docket Nos. ## NOTICE TO LICENSED ELECTRICITY PROVIDERS

### Availability of Confidential Treatment for Information Provided in Quarterly and Annual Reports

Note that pursuant to 52 PA Code § 54.39(d) these annual and quarterly reports “will be made available for public review upon request to the Commission subject to any rulings on confidentiality made by the Commission.” However, the Commission has issued a general ruling that the total amount of gross receipts that licensed EGSs are required to report pursuant to 52 Pa. Code § 54.39(b)(2) is considered proprietary and shall not be released to the public. See Petitions of Exelon Energy; Reliant Energy Retail, Inc.; and Statoil Energy Services, Inc for Protective Order, Order entered July 20, 2000 at Docket Nos. P-00991752; P-00991753; P-00991755, p. 5. Updates to tax information requested in the application form; the total amount of electricity sold (kWh); and, the percentage of total electricity supplied by each energy source remain available for public review. Confidential treatment of this information may be requested in accordance with established Commission procedures. See also 52 Pa. Code § 5.423.

To request confidential treatment of submitted information, a company must:

- (a) indicate clearly in its transmittal letter that the filing contains proprietary information;
- (b) explain briefly why the information should be treated as confidential; and,
- (c) supply four copies of the filing: two copies of the report with confidential data expurgated and two copies of the unexpurgated report. The unexpurgated copies must be clearly marked “Confidential.” The Secretary’s Bureau and the Bureau of Fixed Utility Services will maintain copies of each type of filing accordingly.

Pending Commission review of a request for confidential treatment and upon its approval, information designated as proprietary will not be made available for public review. However, if any member of the public, the Office of Consumer Advocate or the Office of Small Business Advocate requests to examine the propriety information, or if the Commission’s Office of Special Assistants or Office of Trial Staff believes that proprietary claim is frivolous or otherwise not justified, the Secretary’s Bureau will issue a Secretarial Letter directing the company to file within 14 days a petition for protective order pursuant to 52 Pa. Code § 5.423. During the 14-day period, the Commission will continue to honor the proprietary claim. Absent the timely filing of such a petition, the proprietary information claim will be deemed to have been waived.

While the Commission is considering whether to grant a petition for protective order, the company’s proprietary information claim will be honored unless a proceeding has been initiated to challenge the filing. In that event, the provisions of 52 Pa. Code § 5.423(b)(4) would apply. This provision requires the company to disclose the proprietary information to a party involved in the proceeding if the party “agrees to treat the information as if it were covered by a protective order until the presiding officer or the Commission issues the order or determines that issuance of the order would not be appropriate.”

## NOTICE TO LICENSED ELECTRICITY PROVIDERS

### Availability of Confidential Treatment for Information Provided in Quarterly and Annual Reports

Note that pursuant to 52 PA Code § 54.39(d) these annual and quarterly reports “will be made available for public review upon request to the Commission subject to any rulings on confidentiality made by the Commission.” However, the Commission has issued a general ruling that the total amount of gross receipts that licensed EGSs are required to report pursuant to 52 Pa. Code § 54.39(b)(2) is considered proprietary and shall not be released to the public. See Petitions of Exelon Energy; Reliant Energy Retail, Inc.; and Statoil Energy Services, Inc for Protective Order, Order entered July 20, 2000 at Docket Nos. P-00991752; P-00991753; P-00991755, p. 5. Updates to tax information requested in the application form; the total amount of electricity sold (kWh); and, the percentage of total electricity supplied by each energy source remain available for public review. Confidential treatment of this information may be requested in accordance with established Commission procedures. See also 52 Pa. Code § 5.423.

To request confidential treatment of submitted information, a company must:

- (a) indicate clearly in its transmittal letter that the filing contains proprietary information;
- (b) explain briefly why the information should be treated as confidential; and,
- (c) supply four copies of the filing: two copies of the report with confidential data expurgated and two copies of the unexpurgated report. The unexpurgated copies must be clearly marked “Confidential.” The Secretary’s Bureau and the Bureau of Fixed Utility Services will maintain copies of each type of filing accordingly.

Pending Commission review of a request for confidential treatment and upon its approval, information designated as proprietary will not be made available for public review. However, if any member of the public, the Office of Consumer Advocate or the Office of Small Business Advocate requests to examine the propriety information, or if the Commission’s Office of Special Assistants or Office of Trial Staff believes that proprietary claim is frivolous or otherwise not justified, the Secretary’s Bureau will issue a Secretarial Letter directing the company to file within 14 days a petition for protective order pursuant to 52 Pa. Code § 5.423. During the 14-day period, the Commission will continue to honor the proprietary claim. Absent the timely filing of such a petition, the proprietary information claim will be deemed to have been waived.

While the Commission is considering whether to grant a petition for protective order, the company’s proprietary information claim will be honored unless a proceeding has been initiated to challenge the filing. In that event, the provisions of 52 Pa. Code § 5.423(b)(4) would apply. This provision requires the company to disclose the proprietary information to a party involved in the proceeding if the party “agrees to treat the information as if it were covered by a protective order until the presiding officer or the Commission issues the order or determines that issuance of the order would not be appropriate.”

Note that pursuant to 52 PA Code § 54.39(d) these annual and quarterly reports “will be made available for public review upon request to the Commission subject to any rulings on confidentiality made by the Commission.” However, the Commission has issued a general ruling that the total amount of gross receipts that licensed EGSs are required to report pursuant to 52 Pa. Code § 54.39(b)(2) is considered proprietary and shall not be released to the public. See Petitions of Exelon Energy; Reliant Energy Retail, Inc.; and Statoil Energy Services, Inc for Protective Order, Order entered July 20, 2000 at Docket Nos. P-00991752; P-00991753; P-00991755, p. 5. Updates to tax information requested in the application form; the total amount of electricity sold (kWh); and, the percentage of total electricity supplied by each energy source remain available for public review. Confidential treatment of this information may be requested in accordance with established Commission procedures. See also 52 Pa. Code § 5.423.

To request confidential treatment of submitted information, a company must:

- (a) indicate clearly in its transmittal letter that the filing contains proprietary information;
- (b) explain briefly why the information should be treated as confidential; and,
- (c) supply four copies of the filing: two copies of the report with confidential data expurgated and two copies of the unexpurgated report. The unexpurgated copies must be clearly marked “Confidential.” The Secretary’s Bureau and the Bureau of Fixed Utility Services will maintain copies of each type of filing accordingly.

Pending Commission review of a request for confidential treatment and upon its approval, information designated as proprietary will not be made available for public review. However, if any member of the public, the Office of Consumer Advocate or the Office of Small Business Advocate requests to examine the propriety information, or if the Commission’s Office of Special Assistants or Office of Trial Staff believes that proprietary claim is frivolous or otherwise not justified, the Secretary’s Bureau will issue a Secretarial Letter directing the company to file within 14 days a petition for protective order pursuant to 52 Pa. Code § 5.423. During the 14-day period, the Commission will continue to honor the proprietary claim. Absent the timely filing of such a petition, the proprietary information claim will be deemed to have been waived.

While the Commission is considering whether to grant a petition for protective order, the company’s proprietary information claim will be honored unless a proceeding has been initiated to challenge the filing. In that event, the provisions of 52 Pa. Code § 5.423(b)(4) would apply. This provision requires the company to disclose the proprietary information to a party involved in the proceeding if the party “agrees to treat the information as if it were covered by a protective order until the presiding officer or the Commission issues the order or determines that issuance of the order would not be appropriate.”
