January 22, 2018

Dear Valued Customer,

As of January 22, 2018, Ecova will formally rebrand and change our company name to **ENGIE Insight**. Our legal name will change to **ENGIE Insight Services Inc.**

The ENGIE Insight name reflects our company's singular focus on helping our multi-site customers unlock data-driven insights to achieve business results. We do this by applying leading digital technology and our people expertise to help you lower costs, drive efficiencies and reduce environmental impact of resource consumption – including energy, water, waste and telecom. This rebrand marks a moment in our organization's history where we will intensify and accelerate on our core offerings, including through significant investment in our technology and delivery platform.

As ENGIE Insight, we will continue as an independent operating company with the mission to make your business more successful through energy and sustainability management. As we strive to continue to be your trusted advisor, we will maintain our same data security and compliance standards, vendor agnostic approach and deep relationship with our important supply partners.

We appreciate the opportunity to continue to serve you as ENGIE Insight. For questions, please contact your ENGIE Insight Customer Service Director.

Sincerely,

ENGIE Insight
