- See resume in Attachment 4 labeled Resume – Officers (8e) for additional details

Vice President, Tom Fitzpatrick, experience is as follows:

- Account Manager/Energy Specialist where he was responsible for managing a book of business that included customers within the natural gas, electricity, wet hosing, and propane product lines at Shipley Energy
- Leading salesman for new commercial natural gas sales while at Shipley within Commercial Customer Care team.

Types of Customers and Customer Count: Erie Energy Partners LLC currently services zero customers as we do not yet have our license. However, there are roughly 300 businesses that we plan to transition upon existing contracts expiring over the next 2-3 years. These businesses range from small, family owned businesses, to large industrial users. We will have clients in various fields: manufacturing, education - schools, hospitality- hotels, property management, industrial operations, small business, etc.

Staffing Structure: In the immediate present, the staffing structure for Erie Energy Partners LLC will only include the two founding business members: Tim Mikotowicz (President) and Tom Fitzpatrick (Vice President). Collectively, Tim and Tom will be responsible for growing the business through commercial sales. Individually, Tim Mikotowicz's primary job responsibilities will include: regulatory affairs and supplier and utility relations. Tom Fitzpatrick's responsibilities will include: administrative/ operational affairs and financial recording. Erie Energy Partners LLC will plan to hire additional staff as opportunity arises and the business grows; at that time the staffing structure and responsibilities will change accordingly.

Business Plans: We plan to gain clients via existing relationships and through cold calling methods that include: phone calls, emails, LinkedIn, and networking events. Once we sign up a customer, we will provide periodic savings analyses through the life of the contract and will be actively shopping their renewal options months in advance to avoid them defaulting to penalizing variable rates.

Depending on market outlook, an agreed upon index/market pricing deal may make more sense for the customer, however, it will be their decision as we educate them to make good risk management decisions.

Our main method of obtaining client pricing will be through the sealed-bid process. Emphasizing transparency, our customers will have a firsthand look into our process and pricing options.

Our fee for service will be incorporated into the pricing we provide to the clients.
