

TANYA REPH MACK

C-2018-3002133

To whom It May Concern:

I am requesting a continuance for the phone call in for Thursday. On Friday afternoon I received a package with additional stuff that was going to be presented. I have not had sufficient time to review this documentation as my father is gravely ill. He is end stage renal failure/had 3 strokes in the past 2 months and has congestive heart failure. I am in the process of making arrangements for additional care/nursing home and a case worker is scheduled to meet with us on Thursday as well.

Thank you for your consideration
