Re: Instrumentation and Pump Control Contract for 2018

Dear Brett:

We propose an Instrumentation and Pump Control contract as follows:

- To calibrate, certify and check all instruments and pump controls at the pumps stations and metering pits.
- To do preventive maintenance on all instruments at the pump stations and metering pits.
- To do all repairs, as necessary, at the pump stations and metering pits.
- To check the operation and calibration of all chemical feed systems.

This contract is for labor only; however, parts are stocked and readily available. This contract excludes accidents, accidental flooding, fires and acts of God.

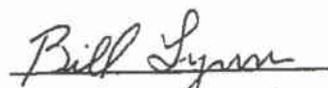

Our service will be performed between 8:00 AM to 4:00 PM, Monday through Friday except legal holidays. If service is required at other times, it would be at a premium rate.

The price for the above described contract is \$2,160.00

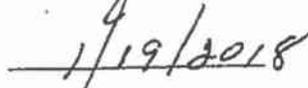

The contract is for four (4) calls per year.

If you have any questions, please call.
