To: Rosemary Chiavett , Secretary

I David Hydo/TA Bedford Transportation Co Do have insurance would never ever operate without. I did renew on 6-13-2018 and have a policy with progressive commercial insurance. The form :E: was supplied to the Commission as required , Back in 2006 I applied for a para-transport authority was approved. in the year 2012 I then applied for a Taxi-Authority as was approved. My request is to dismiss the 500.00 fine that was imposed on my company for not having proper insurance. I did have proper insurance .

RE: C-2018-3002960

To: David W Loucks Chief Motor Carrier Enforcement.

I David Hydo/TA Bedford Transportation Co Do have insurance would never ever operate without. I did renew on 6-13-2018 and have a policy with progressive commercial insurance. The form :E: was supplied to the Commission as required but they do not supply para-transport insurance. <sup>have it</sup> we not do <sup>we</sup> that type of transport at all in ~~the~~ cab. In ~~lease~~ <sup>These</sup> small towns they have CART for that service.

Back in 2006 I applied for a para-transport authority was approved. I applied for a taxi-cab authority in 2012 was approved. I will pay the 10.00 and remove my para-transport authority.

I did have proper insurance. and still do on the taxi-cab

Thank you MR. LOUCKS
