

**BEFORE THE  
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

Norbert Sliwinski

Complainant

Docket No. C-2016-2559985

vs.

DUQUESNE LIGHT COMPANY

Respondent

**Petition for Extension of Time**

Dear Judge Watson.

I had contacted DLC lawyer Lauren Rulli on 8/18 asking for a 30 day extension for my reply to her Responses to Complainant's First Set of Discovery Requests dated July 27, 2018. To which she replied:

Mr. Sliwinski:

Thank you for your email. Two things: Discovery closed on July 31. So no additional discovery is permitted past that date. If you would like to re-open Discovery, you will need to ask the Judge.

Also, the rules do not provide for "replies" to discovery. But, if you feel like you have additional evidence to produce, or you would like to request more from DLC, you will need to ask Judge Watson to reopen discovery. This means that the motion deadline for this Friday will be pushed back.

Thank you,  
Lauren

Based on the above information from Ms. Rulli, I am respectfully requesting to re-open the Discovery phase and grant a 30 day extension.

Sincerely,

Norbert Sliwinski
