Dear Gene Waltz:

We are pleased that Edge Insights has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Edge Insights could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Edge Insights has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Edge Insights does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Edge Insights changes in the future, Columbia Gas might deem it appropriate to require Edge Insights to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4712 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Patricia Chang

Re: Broker Requirements

Dear Edge Insights:

PECO is aware that Edge Insights has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Edge Insights could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Edge Insights has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Edge Insights does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Edge Insights or the creditworthiness requirement for PECO's exposure to Edge Insights changes in the future, PECO reserves the right to require Edge Insights to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

RE: Security Requirement Bond for Edge Insights

Dear Mr. Waltz:

Philadelphia Gas Works ("PGW") is aware that Edge Insights has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Edge Insights must furnish acceptable security to each utility where Edge Insights will do business. As such, under its tariff, Philadelphia Gas Works could require Edge Insights to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Edge Insights intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Edge Insights will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Edge Insights does not need to post a bond or other form of security to operate in its service territory. If the services provided by Edge Insights should change, Philadelphia Gas Works reserves the right to require security from Edge Insights as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Re: Security Requirement for Edge Insights, Inc.

Dear Emmett,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Edge Insights, Inc. (EII) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, EII must furnish acceptable security to each utility where EII will do business. As such, under its tariff, NFGDC could require EII to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that EII intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, EII will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, EII does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by EII change in the future, NFGDC reserves the right to require security from EII as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Dear Mr. Waltz:

We are pleased that Edge Insights has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, Peoples Natural Gas Company LLC – Equitable Division, and Peoples Gas Company LLC (formerly Peoples TWP) ("the Companies").

Since Edge Insights is not currently serving customers on the Peoples systems, we have determined at this time that Edge Insights does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Edge Insights provision of services on the Peoples' system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

RE: EDGE INSIGHTS, LLC application to serve as a Natural Gas Broker

Dear Mr. Clifford,

Based on your assertion that Edge Insights, ("EDGE INSIGHTS") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities Inc. ("UGIU") has concluded that EDGE INSIGHTS will not need to post security with UGI-Central Penn Gas ("CPG"), UGI-Penn Natural Gas ("PNG") or UGI Utilities Gas Division ("UGI"). This is based on the declaration that EDGE INSIGHTS will not be taking title to gas or directly serving end use customers. This also assumes that EDGE INSIGHTS will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU tariffs. If EDGE INSIGHTS wishes to directly serve Choice customers in the service territories of UGI, PNG and/or CPG in the future as a natural gas supplier, it will have to post security as specified in the respective UGI tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions that you may have.

Sincerely,

David E. Lahoff
