Dear Mr. Greenberg:

We understand that Solution Energy, LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania including our company's service area.

Because Solution Energy, LLC intends to only provide natural gas aggregating, brokering and consulting services at this time, we have determined that Solution Energy, LLC will not be required to post a bond or other form of financial security instrument to provide these services in our service area. However, if the services provided change in the future, we reserve the right to require security from Solution Energy, LLC as deemed appropriate.

If you have any questions, please contact Jamie Levering at 570-888-9664.

Sincerely,

Edward E. Rogers  
President & CEO

Re: Broker Requirements

Dear Solution Energy, LLC

PECO is aware that Solution Energy, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Solution Energy, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Solution Energy, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Solution Energy, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Solution Energy, LLC or the creditworthiness requirement for PECO's exposure to Solution Energy, LLC changes in the future, PECO reserves the right to require Solution Energy, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Respectfully submitted,

Carlos P. Thillet

Re: Solution Energy, LLC

Dear Eric,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Solution Energy, LLC, (SE) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, SE must furnish acceptable security to each utility where SE will do business. As such, under its tariff, NFGDC could require SE to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that SE intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, SE will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, SE does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by SE change in the future, NFGDC reserves the right to require security from SE as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Nicole Barker

Application to Serve as a Natural Gas Broker**

SECRETARY'S BUREAU

Dear Mr. Greenberg,

Based on your assertion that Solution Energy, LLC ("SOLUTION ENERGY") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc. ("UGIU") has concluded that SOLUTION ENERGY will not need to post security with UGI Utilities, Inc. - Gas Division ("UGI"), UGI Penn Natural Gas, Inc. ("PNG") or UGI Central Penn Gas, Inc. ("CPG"). This is based on the declaration that SOLUTION ENERGY will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU Tariffs. If SOLUTION ENERGY wishes to directly serve Choice customers in the service territories of UGI, PNG and/or CPG in the future as a natural gas supplier, it will be required to post security as specified in the respective UGI Tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Sincerely,

David E. Lahoff  
Senior Manager  
Tariff & Supplier Administration
