Okay, you got a suspension letter that was lifting the suspension of your authority. Your authority was suspended because you didn't have proof of insurance. When we got the proof the suspension was lifted. But in the meantime, you got a complaint from us. The complaint will not be closed until you file an answer to the complaint as I showed you from the last page of the complaint. If you don't file an answer, the time period to answer will run out and they will cancel your authority. I don't know how to stress how important it is to file this answer. It will only take a few minutes. Just describe why the insurance wasn't in on time and sign it. Put the C-2018-3003783 on the top so they will attach it to your case and close it. Send it to Rosemary Chiavetta. That's it.

The new insurance company  
filed with PA PUC and  
the suspension was lifted.  
Please let me know if you  
can proceed and closed  
the complaint.

Best regards,
