RE: Norbert Sliwinski v. Duquesne Light Company

Docket No. C-2016-2559985

Dear Judge Watson:

The by DLC filed Motion for Summary Judgement is premature since I did not get a ruling on my Motion to Compel Duquesne Light Company to fully answer Complainants First & Second set of Discovery requests and response to Duquesne Light Company's objections and answers.

The answers to my questions could be pertinent to the response to the Motion for Summary Judgement.

There I no way I can respond to a document of this magnitude in 7 days. I therefore respectfully request a deadline extension until Dec 2, 2018.

Sincerely,

Norbert Sliwinski
