

Request for Extension to Exceptions

McKnight vs. PECO, Docket No: C-2017-2621057

November 1, 2018

Dear Secretary Chiavetta,

We are requesting a 14 day time extension to our Exceptions, currently due November 13 (20 days from the date we received Judge Heep's Initial Decision in our case). This happens to fall in a time period when Dr. Lawrence McKnight is attending his annual AMIA symposium—Nov. 3-7. In addition, he was also scheduled for some long hospital shifts during this time. Thus, these prior scheduled commitments prevent us from having adequate time to address Judge Heep's ruling. Please grant us more time for us to respond to this, specifically until November 27. We have been in touch with PECO who responded that they do not object to our requested 14-day extension of time to file Exceptions in this matter.

Thank you very much,

Alexia McKnight, DVM  
Lawrence McKnight, MD
