To whom it may concern,

Docket #C-2018-3004969

PUC # A-8919472

We had received a complaint stating our PUC number did not have insurance. We had changed insurance companies. They have since sent you our new policy. There was a typo in our street name when you gave us our original paper work. Someone spelled our street address 3008 Gauck Rd, when it's actually 3008 Hauck Rd. I had tried to correct this but I guess it did not take.

The insurance company had sent you both spellings to try to resolve the complaint.

Under the circumstances, if you could please waive the fee, it would be so greatly appreciated.

Best regards,

Mark Robbins
