**MOTION OF METROPOLITAN EDISON COMPANY TO COMPEL RESPONSES TO  
INTERROGATORIES AND DOCUMENT REQUESTS**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

Metropolitan Edison Company (“Met-Ed” or the “Company”) by and through its attorneys, Lauren M. Lepkoski and Tori L. Giesler, and pursuant to 52 Pa. Code §§ 5.371-5.372, hereby files this Motion to compel Thomas Mosely and Norma Mosely (“Complainants”) to provide full and complete responses to interrogatories and document requests issued by the Company on September 14, 2018. In support thereof, the Company avers as follows:

**I. BACKGROUND**

1. On April 25, 2018, the Complainants filed a Formal Complaint with the Pennsylvania Public Utility Commission (“Commission”) regarding 197 Forgehill Road, Hamburg, Pennsylvania 19526.

2. On May 21, 2018, the Company filed its Answer and New Matter denying the material allegations in the Formal Complaint. On that same day, the Company also filed Preliminary Objections to the Formal Complaint.

3. On June 26, 2018, a Motion Judge Assignment Notice was issued assigning Administrative Law Judge (“ALJ”) Jeffrey A. Watson to this proceeding.

4. On July 24, 2018, ALJ Watson issued an Interim Order denying the Company's Preliminary Objections.

5. On October 26, 2018, in accordance with 52 Pa. Code § 5.341, the Company forwarded to the Complainant interrogatories and document requests ("Discovery Requests") via first class mail. In its Discovery Requests, the Company sought information and documents related to the Complainant's allegations regarding the Company's smart meters.

6. A full copy of the Company's Discovery Requests is attached as Exhibit A.

7. To date, the Complainants have not filed any objections to the Discovery Requests and have not provided any responses or the requested documents by the due date established by 52 Pa. Code § 5.342. Additionally, no telephone call has been received from Complainants.

**II. MOTION TO COMPEL**

8. The Commission's regulations permit the discovery of "any matter, not privileged, which is relevant to the subject matter involved in the pending action." 52 Pa. Code § 5.321(c).

9. Generally speaking, this Commission applies a standard of relevance which is less restrictive than that required by parties to present information into the evidentiary record. It is not grounds for objection that the information sought will be inadmissible at hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence. 52 Pa. Code § 5.321(c).

10. Discovery may be obtained regarding any matter relevant to the subject matter. Relevant evidence is evidence that tends to make an act at issue more or less probable. Moreover, evidence is relevant if it advances the inquiry in some degree and, thus, has probative value. Although the law does not furnish an absolute test of relevancy, the Pennsylvania Supreme Court follows a two-part analysis for determining relevance. In *Commonwealth v. Stewart*, 461 Pa. 274,

336 A.2d 282 (1975), the Court held that “[i]t must be determined first if the inference sought to be raised by the evidence bears upon a matter at issue in this case and, second, whether the evidence renders the desired inference more probable than it would be without the evidence. *Id.* at 284.

11. The information sought here by the Company is relatively simple and straightforward. It is directly relevant and material to the issues raised by the Complainant in both her Formal Complaint as well as her responsive pleading. The Company is entitled to the requested information to enable it to fully investigate what information the Complainants relied on to make the allegations he did in his Formal Complaint. To date, however, the Company has not received any responses or objections to its Discovery Requests from Complainants.

12. The Commission’s regulations at 52 Pa. Code § 5.371 address the consequences of a participant’s failure to comply with the Commission’s discovery regulations. Section 5.371 provides that:

- (a) The Commission or the presiding officer may, on motion, make an appropriate order if one of the following occurs:
  - (1) A party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests, as required under this subchapter.

13. Further, 52 Pa. Code § 5.372 provides that the presiding officer may impose appropriate sanctions upon a party found to be found in violation of the obligations set forth in the Commission’s regulations.

14. As a result of the Complainants’ failure to provide any response to the Company’s Discovery Requests, which demonstrates his lack of cooperation and willingness to participate in this proceeding as required under the Commission’s regulations, the Formal Complaint in this proceeding should be dismissed in its entirety.

15. The Company requests that the Complainants be directed to provide full and complete responses to the Discovery Requests to be received by the undersigned counsel for the Company within five business days after entry of an Order Granting the Motion to Compel.

16. In the event the Complainants are directed by the Commission to respond to the Company's Discovery Requests, but fail to, the Company respectfully requests that the Formal Complaint against the Company be dismissed in its entirety.

WHEREFORE, Metropolitan Edison Company respectfully requests that the Commission issue an Order compelling the Complainants to fully and completely respond to the Discovery Requests such that the responses are received by counsel for the Company no later than five business days after entry of an Order on the Motion to Compel. Further, in the event the Complainants do not comply with the Order directed by the Commission and fail to respond to the Company's Discovery Requests, the Company respectfully requests that the Commission dismiss in its entirety the Formal Complaint of Thomas Mosely and Norma Mosely.

Respectfully submitted,
