Re: Complaint against Koot Limo Car LLC (DOCKET NO. C-2018-3005649).

It is respectfully submitted that the company stopped all business operations effective 09/13/2018. The company was owning only one vehicle and that was sold on 09/13/2018.

From 09/13/2018, the company does not own or have in its possession any vehicle and does not indulge in any sort of business of limousine service or otherwise. That is why the company has no insurance effective 09/15/2018.

Moreover, the company does not intend to continue with the Certificate of Public Convenience for operation of limousine service. The company prays that the certificate may please be cancelled.

Respectfully submitted,

Muhammad Mansha, 11/24/2018

Owner/Manager,
