I WOULD LIKE TO HAVE ANOTHER  
HEARING CAUSE THIS WAS NOT FEAR  
CALL EXCEPTIONS

TO THE PA. PUBLIC UTILITY COMMISSION

I AM WRITING THIS LETTER BECAUSE  
I HAD A HEARING ON THE PHONE  
ON JULY 31, ~~2008~~<sup>2018</sup> WITH JUDGE  
HEEP AND THERE LAWYER PUT THE  
JUDGE DID NOT MAKE HER DECISION  
THAT DAY SHE SAID IT WOULD TAKE  
ABOUT 60 TO 90 DAYS. SO SATURDAY  
NOVEMBER - 24 - 2018 I GOT A  
LETTER IN MY MAIL AND I WAS  
VERY UNHAPPY WITH HER DECISION  
I FEEL LIKE IT WAS NOT FEAR  
AND I WAS NOT TREATED RIGHT. AND  
IT IS BECAUSE ONE OF MY D  
COMPLAINT WAS WHEN I WAS ON  
BUDGET BILLING IN THE YEAR - 2015 TO  
2016 I WAS PAYING \$56.00 ON  
BUDGET BILLING THEN I WAS GETTING  
THOSE SURVEY IN THE MAIL SAYING I  
AM DOING A GOOD JOB KEEP THE GOOD  
WORK UP THEN MY BILL WENT DOWN  
FROM \$56.00 TO \$42.00 SO I WAS  
HAPPY THEN A MAN CAME OUT TO MY  
HOUSE AND SAID ~~MY~~ I AM DOING  
A GOOD JOB SO IT KEEP GOING DOWN  
MY FILE BILL. BUT →

The year of 2017 I was on Budget Billing ~~and~~ and I was getting the same letter in the mail. But my payment did not go down for the whole year and I even still have all the letter I got in the mail and they even said in the letter for a explain - From 420 KILL WATTS TO 290. Keep the good work up so why didn't my bill go down. And they told me that PECO say am used more but the letter I have say ~~less~~ am used less so something is wrong. And if yours have my reports there was a lot of other thing, like about my CAP history record + about my budget billing + about my balance + know about the decision. so when this was going on I was sick I had came out of the hospital so I did not need this, so I would like to have another hearing with somebody here up. and like I said I have PROFF WHAT I AM TALKING ABOUT. <sup>THANK YOU</sup> MICHAEL GUAGENTI

P.S. This Letter was just  
writing on - 11-29-2018 because  
I had just got it on - 11-24-18  
plus I been sick so I would  
like another hearing the first  
one was not fear at all and I  
been with PECO for 16 years  
never had this problem until  
now.
