**RE: Natural Gas Pipeline Replacement and Performance Plans  
Order of November 10, 2011  
M-2011-2271982**

RECEIVED  
2018 DEC 17 AM 11:12  
PA PUC  
SECRETARY'S BUREAU

Dear Secretary Chiavetta:

This letter is regarding the above referenced order regarding frost patrols.

Valley Energy has now replaced all its bare steel mains and services in our distribution system. There are no cast iron mains or services in the distribution system as well.

Therefore, Valley Energy will not be performing bare steel frost patrols or reporting on the frost patrol leak survey findings. As additional safety measures, Valley Energy will continue to perform supplemental leak surveys during frost conditions for areas of its distribution system, such as business districts or geographic areas that may be prone to ground movement.

If you have any questions regarding this response, please contact Mr. Cody Chapman, P.E. Vice President of Operations at 570-888-9664 or [codyc@ctenterprises.org](mailto:codyc@ctenterprises.org). Thank you.

Sincerely,

Edward E. Rogers  
President & CEO
