vs.
Sunoco Pipeline LP**

**Public Meeting: January 17, 2019

**Docket Nos. C-2018-3006116;

STATEMENT OF COMMISSIONER ANDREW G. PLACE

Before us today for consideration is the Order Denying a Petition for Emergency Relief and Certifying a Material Question (Order) issued by Administrative Law Judge (ALJ) Elizabeth Barnes in the above-captioned proceeding. A Petition for Interim Emergency Relief was requested by several Complainants in this matter.

I concur with the ALJ's decision to deny the Petition for Interim Emergency Relief. With this action today, this case can now move forward in the underlying complaint proceeding to examine the numerous issues raised. The Complaint proceeding provides a forum for the Complainants and Sunoco to address the concerns raised here including the changed circumstances that ME2, with the workaround pipeline, is now operational. I look forward to reviewing the comprehensive record to be developed in the Complaint proceeding so that the Commission can make sound decisions on the issues.
