Responding to a PC letter explanation.

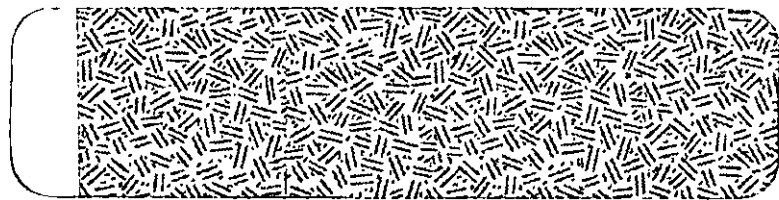

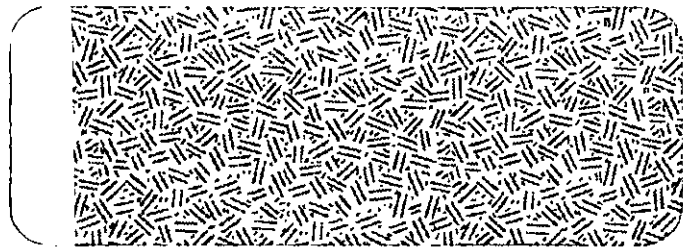

I am RONI Shalish president and the only driver in the corporation off PHILLY limo Inc.

THE Limo company did not operate from September 28 until November 15 2018 due to family event and other important project with a higher priority the limo was shut down for those days

(Due to extremely high demand off website & app that gives transportation service such as Uber UberX Lyft the limo business is very close to be out of business)

thank you
RONA SHALISH
president of Philly limo Inc.
