This is to inform you that Triana Energy, LLC has sold its active natural gas wells and inactive pipeline facilities to Catalyst Energy, Inc. The sale closed on August 1, 2018, however the Pennsylvania Department of Environmental Protection has not transferred the wells, as of this writing. Following are the wells transferred to Catalyst Energy, Inc.

McKean	LAFAYETTE	MROC PAD A 4H	083-55125
McKean	LAFAYETTE	MROC PAD A 6H	083-55127

Please make the necessary registration changes regarding the pipeline (1.1 miles production); I understand that I must make the well changes online, and plan to do that once the regulatory transfer is complete.

Also, please feel free to contact me should you have any questions or need additional information.

Sincerely,

Walter C. Showen, III
