**MOTION OF WEST PENN POWER COMPANY TO DISMISS COMPLAINTS OF
GAYLYNN AND SAMUEL DOWNES FOR FAILURE TO COMPLY WITH ORDER**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

West Penn Power Company (“West Penn” or the “Company”) by and through its attorneys, Lauren M. Lepkoski and Tori L. Giesler, and pursuant to 52 Pa. Code §§ 5.371-5.372, hereby files this Motion to Dismiss the complaint of Gaylynn and Samuel Downes (“Complainants”) for their failure to comply with the Interim Order of Administrative Law Judge (“ALJ”) Jeffrey A. Watson. In support thereof, the Company avers as follows:

I. BACKGROUND

1. On February 20, 2018, the Complainants filed a Formal Complaint (“First Formal Complaint”) with the Pennsylvania Public Utility Commission (“Commission”) which was assigned Docket No. C-2018-3000262 regarding 60 Woodland Drive Road, Daisytown, Pennsylvania 15427 (“Service Location”). The First Formal Complaint was electronically served on the Company on March 6, 2018.

2. On March 26, 2018, the Company filed its Answer and New Matter denying the material allegations in the First Formal Complaint. On that same day, the Company also filed Preliminary Objections to the First Formal Complaint.

3. On July 5, 2018, the Complainants filed a second Formal Complaint (“Second Formal Complaint”) with the Commission which was assigned Docket No. C-2018-3003298

regarding the Service Location that was nearly identical to the First Formal Complaint. The Second Formal Complaint was electronically served on the Company on July 11, 2018.

4. On July 31, 2018, the Company filed its Answer and New Matter denying the material allegations in the Second Formal Complaint. On that same day, the Company also filed Preliminary Objections to the Second Formal Complaint.

5. On August 3, 2018, a Motion Judge Assignment Notice was issued assigning the First Formal Complaint to ALJ Watson for disposition.

6. On August 20, 2018, an Interim Order was issued by ALJ Watson denying the Company's Preliminary Objections to the First Formal Complaint.

7. On September 5, 2018, a Motion Judge Assignment Notice was issued assigning the Second Formal Complaint to ALJ Watson for disposition.

8. On September 24, 2018 in accordance with 52 Pa. Code § 5.341, the Company forwarded to the Complainants interrogatories and document requests ("Discovery Requests") via first class mail. In its Discovery Requests, the Company sought information and documents related to the Complainants' allegations regarding the Company's smart meters. A copy of the Discovery Requests of the Company is attached as Exhibit A.

9. The Complainants did not file any objection to the Discovery Requests and did not provide any responses or the requested documents by the due date.

10. In addition, at no point did the Complainants contact the Company to discuss the Discovery Requests or to seek an extension of time to respond to the Discovery Requests.

11. On October 15, 2018, an Interim Order Establishing Initial Litigation Schedule for the First Formal Complaint was issued which set forth the schedule for discovery, the identification

of witnesses, and filing of motions in this proceeding. Relevant to this Motion, ALJ Watson issued a witness notification deadline of January 25, 2019 and a discovery deadline of April 25, 2019.

12. On November 9, 2018, the Company filed a Motion to Compel responses to the Company's Discovery Requests issued September 24, 2018.

13. On January 25, 2019, in accordance with the Interim Order Establishing a Litigation Schedule, the Company provided notice and summaries of testimony for its factual and expert witnesses.

14. On February 7, 2019, an Interim Order Revising Initial Litigation Schedule for the First Formal Complaint was issued which set forth the revised schedule for discovery, the identification of witnesses, and filing of motions in this proceeding. Relevant to this Motion, ALJ Watson retained the witness notification deadline of January 25, 2019 and issued a revised discovery deadline of June 14, 2019.

15. Also on February 7, 2019, ALJ Watson issued an Interim Order granting the Company's Motion to Compel and ordering the Complainants to provide full, complete responses to the Company's Discovery Requests on or before February 20, 2019.

16. Lastly, on February 7, 2019, an Interim Order was issued by ALJ Watson denying the Company's Preliminary Objections to the Second Formal Complaint and an Interim Order Establishing Initial Litigation Schedule for the Second Formal Complaint was issued which set forth the schedule for discovery, the identification of witnesses, and filing of motions in this proceeding. Relevant to this Motion, ALJ Watson issued a witness notification deadline of April 8, 2019 and a discovery deadline of June 14, 2019.

17. On February 13, 2019, ALJ Watson issued an Interim Order directing that the formal complaints filed at Docket Nos. C-2018-3000262 and C-2018-3003298 be consolidated in

this proceeding at Docket No. C-2018-3000262 for the purpose of conducting one evidentiary hearing and to issue one initial decision to address all of the matters properly raised in the proceedings.

18. To date, no response to the Discovery Requests has been received from Complainants in contradiction to ALJ Watson's Interim Order of February 7, 2019.

19. Further, the Complainants have ignored ALJ Watson's Interim Order Establishing Litigation Schedule issued on October 15, 2018, requiring the exchange expert and factual witness information by January 25, 2019, as no witness information has been received from the Complainants as of the filing of this Motion.

20. The Company now files this Motion to dismiss the consolidated Formal Complaints of the Complainants due to their repeated failure to abide by the Interim Orders of ALJ Watson, failure to exchange expert and factual witness information, and for their failure to even acknowledge receipt of the Company's Discovery Requests.

II. MOTION TO DISMISS

21. The Commission's regulations permit the discovery of "any matter, not privileged, which is relevant to the subject matter involved in the pending action." 52 Pa. Code § 5.321(c).

22. Generally speaking, this Commission applies a standard of relevance which is less restrictive than that required by parties to present information into the evidentiary record. It is not grounds for objection that the information sought will be inadmissible at hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence. 52 Pa. Code § 5.321(c).

23. Discovery may be obtained regarding any matter relevant to the subject matter. Relevant evidence is evidence that tends to make an act at issue more or less probable. Moreover,

evidence is relevant if it advances the inquiry in some degree and, thus, has probative value. Although the law does not furnish an absolute test of relevancy, the Pennsylvania Supreme Court follows a two-part analysis for determining relevance. In *Commonwealth v. Stewart*, 461 Pa. 274, 336 A.2d 282 (1975), the Court held that “[i]t must be determined first if the inference sought to be raised by the evidence bears upon a matter at issue in this case and, second, whether the evidence renders the desired inference more probable than it would be without the evidence. *Id.* at 284.

24. The information sought here by the Company is relatively simple and straightforward. It is directly relevant and material to the issues raised by the Complainants. The Company is entitled to the requested information to enable it to fully investigate and defend against the Complainants’ allegations.

25. The Commission’s regulations at 52 Pa. Code § 5.371 address the consequences of a participant’s failure to comply with the Commission’s discovery regulations and provides that the Commission or the presiding officer may, on motion, make an appropriate order if a party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests.

26. Further, 52 Pa. Code § 5.372 provides that the presiding officer may impose appropriate sanctions upon a party found to be found in violation of the obligations set forth in the Commission’s Regulations.

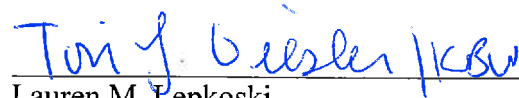

27. The Complainants have failed to provide any responses to the Company’s Discovery Requests and failed to provide notification of any potential witnesses in contradiction to the Interim Orders issued by ALJ Watson.

28. The Complainants' actions demonstrate a consistent lack of cooperation and willingness to participate in this proceeding as required under the Commission's regulations. As a result, the consolidated Formal Complaints in this proceeding should be dismissed in its entirety.

WHEREFORE, West Penn Power Company respectfully requests that the Commission dismiss the Complaints of Gaylynn and Samuel Downes.

Respectfully submitted,
