Teresa,

The Filings where never made and now our authority has been suspended with a \$500 fine pending. I have tried numerous times to speak with National General but to no avail. According to the PUC letter they will accept the forms from your office. Please send these fillings via overnight mail so that we can validate receipt.

If you have any questions please call their office at (717) 787-6971. Thank you for your assistance. Please let me know the outcome of your attempt to rectify this situation.
