## NOTICE TO CUSTOMERS

On March 27, 2019, Elverson Water Company filed a notice with the Pennsylvania Public Utility Commission that its Main Street Project is completed, approved by the Dept. of Environmental Protection, in service, and considered a used and useful asset of the Company.

The following day, EWC filed with the Commission, Supplement No. 10 to its Tariff No. 2 setting the Pennvest Rate (PVR) at 48.75%. This rate is used to calculate the Pennvest Surcharge, a new charge you will find on your quarterly bill. The sole purpose of this charge is to recover the principal and interest costs of Pennvest Loan No. 80190 which was used to finance the project.
