**Status Report of Complainant Jeffrey W. Arndt**

---

To Judge Jeffrey Watson:

In accordance with the Administrative Law Judge's Amended Litigation schedule dated December 12, 2018, I will explain in detail the status report thus far. Complainant Jeffrey W. Arndt submits this status report:

1. As of April 15, 2019, I am still trying to acquire expert witnesses, and I am in the process of doing so now that I have new information regarding my Amended Formal Complaint. I will be sending this Amended Formal Complaint to you, the Duquesne Light attorneys that are involved with this case and the secretary of the PA PUC.

In the case of Pro Se litigants such as myself, I am limited in ability to draw upon any legal advantages. Time constraints, being this is neither my career, nor do I have the human resources to draw upon that which Duquesne Light Company attorneys have available to them. Also to mention, expert witnesses require an expense for their services which is challenging for me but it is not challenging for the multi-billion dollar company such as Duquesne Light Company. Those reasons put me at an automatic disadvantage. I am doing the best that I can under these conditions. I refer to the mission statement of the PA PUC where it states, "The Pennsylvania Public Utility Commission balances the needs of consumers and utilities".

2. I have recently uncovered new information which will be presented in my Amended Formal complaint. I am in the process of gathering information and facts that support my Amended Formal Complaint. I am still gathering information on this and preparing copies of this information to submit and will send as soon as the information becomes available to me.

3. Issues I have presented in my formal complaint have not been resolved. New information has become available to me, I am planning on discussing them in my Amended Formal Complaint. Complainant reserves the right to supplement this response as information becomes available.

Respectfully submitted,
