This formal complaint was closed on 3/5/2019. I never received the initial decision or the final decision. I had an attorney, Alan Kane, represent me at the hearings and I was told by the PUC that everything was reserved to him. He states that he never got anything from THE AC. I never had a chance to submit exceptions or an appeal, which according to the PUC process I am entitled to. He said he has attempted to contact you but has not heard back from anyone. I need to be able to appeal since I have a 4/17/19 date from Dec.
