**MOTION OF METROPOLITAN EDISON COMPANY TO DISMISS COMPLAINT OF  
BARBARA MCDONALD FOR FAILURE TO COMPLY WITH ORDERS**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

Metropolitan Edison Company (“Met-Ed” or the “Company”) by and through its attorneys, Lauren M. Lepkoski and Tori L. Giesler, and pursuant to 52 Pa. Code §§ 5.245, 5.371-5.372, hereby files this Motion to Dismiss the Formal Complaint of Barbara McDonald (“Complainant”) for her failure to respond to discovery propounded by Met-Ed. Further, the Complainant has advised, in writing, that she does not wish to pursue the Formal Complaint. In support thereof, the Company avers as follows:

**I. BACKGROUND**

1. On July 30, 2018, the Complainant filed a Formal Complaint with the Pennsylvania Public Utility Commission (“Commission”) regarding her electric service at 243 East Broad Street, Stroudsburg, Pennsylvania 18301, which was electronically served on the Company on August 1, 2018.

2. On August 21, 2018, the Company filed its Answer and New Matter denying the material allegations in the Formal Complaint. On that same day, the Company also filed Preliminary Objections to the Formal Complaint.

3. On August 31, 2018, Complainant filed a letter with the Commission dated August 30, 2018, requesting an extension of time to file a response to the preliminary objections, answer and new matter filed by Respondent.

4. On September 10, 2018, ALJ Watson issued an Interim Order granting Complainant's request for an extension of time to file a response to the Company's Preliminary Objections and Answer and New Matter until September 17, 2018.

5. On or about September 13, 2018, the Complainant filed a second request for an extension of time to file a response to the Company's Preliminary Objections and Answer and New Matter.

6. On September 17, 2018, ALJ Watson issued an Interim Order granting Complainant's request for a second extension of time to file a response to the Company's Preliminary Objections and Answer and New Matter to be filed not later than October 1, 2018.

7. On October 1, 2018, the Complainant filed an Amended Formal Complaint with the Commission regarding the Service Location, which was electronically served on the Company the same day.

8. On October 22, 2018, the Company filed its Answer and New Matter denying the material allegations in the Amended Formal Complaint. On that same day, the Company also filed Preliminary Objections to the Amended Formal Complaint.

9. On October 30, 2018, the Complainant filed a request for an extension of time to file a responsive pleading to the Company's Answer and New Matter and Preliminary Objections.

10. On October 31, 2018, ALJ Watson issued an Interim Order granting Complainant's request for an extension of time to file a response to the Company's Preliminary Objections and Answer and New Matter to be filed not later than November 12, 2018.

11. On October 31, 2018, a Motion Judge Assignment Notice was issued assigning ALJ Watson to this proceeding.

12. On November 10, 2018, Complainant filed a reply to the Company's Preliminary Objections to the Amended Formal Complaint and a Reply to the Answer and New Matter to the Amended Formal Complaint.

13. On December 27, 2018, ALJ Watson issued an Interim Order denying the Company's Preliminary Objections.

14. Also on December 27, 2018, an Interim Order Establishing Initial Litigation Schedule was issued which set forth the schedule for discovery, the identification of witnesses, and filing of motions in this proceeding. Relevant to this Motion, ALJ Watson issued a witness notification deadline of February 22, 2019 and a discovery deadline of April 26, 2019.

15. On February 4, 2019, in accordance with 52 Pa. Code § 5.341, the Company forwarded to the Complainant interrogatories and document requests ("Discovery Requests") via first class mail. In its Discovery Requests, the Company sought information and documents related to the Complainant's allegations regarding the Company's smart meters. A full copy of the Company's Discovery Requests is attached as Exhibit A.

16. On February 13, 2019, the Complainant filed a letter stating that she would not be moving forward with the Formal Complaint and reiterating portions of her Amended Formal Complaint.

17. On February 22, 2019, in accordance with the Interim Order Establishing a Litigation Schedule, the Company provided notice and summaries of testimony for its factual and expert witnesses.

18. On March 5, 2019, a Call-In Telephone Pre-Hearing Notice was issued scheduling a prehearing conference for April 26, 2019.

19. On March 5, 2019, ALJ Watson issued an Interim Order Scheduling Prehearing Conference which, *inter alia*, directed the parties to fully participate in a prehearing conference on Friday, April 26, 2019 and comply with the requirements stated in the Interim Order.

20. On March 20, 2019, a Cancellation Notice was issued which cancelled the Prehearing Conference scheduled for April 26, 2019.

21. On March 26, 2019, ALJ Watson entered an Interim order Scheduling Prehearing Conference which, *inter alia*, directed the parties to fully participate in a prehearing conference on Friday, April 26, 2019, in order to address Complainant's concerns, the effect of granting a request to withdraw a complaint with prejudice, any motion to dismiss, and to address any other appropriate issues.

22. By letter dated April 12, 2019, the Complainant requested to again withdraw her Formal Complaint and stated that she was "reserving my right, should and if ever in the 'future' I decide to take up this issue—at which time I will definitely need an attorney, and that is if I can find one, which has been very, very difficult."

23. The Complainant did not file any objection to the Discovery Requests and has not provided any responses or the requested documents by the due date. To date, no response to the Discovery Requests or telephone call has been received from the Complainant.

24. The Company now files this Motion to dismiss the Amended Formal Complaint of the Complainant due to her: (1) failure to abide by the Interim Order of ALJ Watson; (2) failure to exchange expert and factual witness information; (3) failure to even acknowledge receipt of the

Company's Discovery Requests; and (4) her correspondences stating that she no longer wishes to pursue the Amended Formal Complaint.

## **II. MOTION TO DISMISS**

25. The Commission's regulations permit the discovery of "any matter, not privileged, which is relevant to the subject matter involved in the pending action." 52 Pa. Code § 5.321(c).

26. Generally speaking, this Commission applies a standard of relevance which is less restrictive than that required by parties to present information into the evidentiary record. It is not grounds for objection that the information sought will be inadmissible at hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence. 52 Pa. Code § 5.321(c).

27. Discovery may be obtained regarding any matter relevant to the subject matter. Relevant evidence is evidence that tends to make an act at issue more or less probable. Moreover, evidence is relevant if it advances the inquiry in some degree and, thus, has probative value. Although the law does not furnish an absolute test of relevancy, the Pennsylvania Supreme Court follows a two-part analysis for determining relevance. In *Commonwealth v. Stewart*, 461 Pa. 274, 336 A.2d 282 (1975), the Court held that "[i]t must be determined first if the inference sought to be raised by the evidence bears upon a matter at issue in this case and, second, whether the evidence renders the desired inference more probable than it would be without the evidence. *Id.* at 284.

28. The information sought here by the Company is relatively simple and straightforward. It is directly relevant and material to the issues raised by the Complainant in her Formal Complaint. The Company is entitled to the requested information to enable it to fully investigate what information the Complainant relied on to make the specific and detailed

allegations she did in her Formal Complaint. If the Complainant needed more time to answer the Company's Discovery Requests, she could have contacted the Company to request an extension.

29. The Commission's Regulations at 52 Pa. Code § 5.371 address the consequences of a participant's failure to comply with the Commission's discovery regulations. Section 5.371 provides that:

- (a) The Commission or the presiding officer may, on motion, make an appropriate order if one of the following occurs:
  - (1) A party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests, as required under this subchapter.

30. Further, 52 Pa. Code § 5.372 provides that the presiding officer may impose appropriate sanctions upon a party found to be found in violation of the obligations set forth in the Commission's Regulations.

31. As a result of the Complainant's failure to provide any response to the Company's Discovery Requests, failure to provide notification of any potential witnesses in contradiction to the Interim Order issued by ALJ Watson, and her written letters stating that she no longer intends to pursue the Amended Formal Complaint, she has demonstrated her lack of cooperation and willingness to participate in this proceeding as required under the Commission's regulations. As a result, the Formal Complaint in this proceeding should be dismissed in its entirety.

WHEREFORE, Metropolitan Edison Company respectfully requests that the Commission dismiss, with prejudice, the Complaint of Barbara McDonald.

Respectfully submitted,
