**RE: TruEnergy Services, LLC
Application to Serve as a Natural Gas Broker**

Dear Mr. Jester,

Based on your assertion that TruEnergy Services, LLC ("TRUENERGY") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc. ("UGIU") has concluded that TRUENERGY will not need to post security with UGI Utilities, Inc. – South Rate District ("UGI South"), UGI Utilities, Inc. – North Rate District ("UGI North") or UGI Utilities, Inc. – Central Rate District ("UGI Central"). This is based on the declaration that TRUENERGY will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU Tariffs. If TRUENERGY wishes to directly serve Choice customers in the service territories of UGI South, UGI North and/or UGI Central in the future as a natural gas supplier, it will have to post security as specified in the respective UGI Tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Sincerely,

A handwritten signature in black ink, appearing to read 'David E. Lahoff', written in a cursive style.

Dear Danny Jester:

We are pleased that TruEnergy Services LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, TruEnergy Services LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. TruEnergy Services LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that TruEnergy Services LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to TruEnergy Services LLC changes in the future, Columbia Gas might deem it appropriate to require TruEnergy Services LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4980 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Kylia Davis

Dallas, TX 7522

Dear Mr. Jester:

We are pleased that TruEnergy Services, LLC has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, Peoples Natural Gas Company LLC – Equitable Division, and Peoples Gas Company LLC (formerly Peoples TWP) (“the Companies”).

Since TruEnergy Services, LLC is not currently serving customers on the Peoples systems, we have determined at this time that TruEnergy Services, LLC does not need a bond or other financial security requirement to provide these services to the Company’s customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company’s exposure to TruEnergy Services, LLC provision of services on the Peoples’ system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

Sincerely,

Carol Scanlon

RE: Security Requirement Bond for TruEnergy Services LLC

Dear Mr. Jester:

Philadelphia Gas Works ("PGW") is aware that TruEnergy Services LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, TruEnergy Services LLC must furnish acceptable security to each utility where TruEnergy Services LLC will do business. As such, under its tariff, Philadelphia Gas Works could require TruEnergy Services LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that TruEnergy Services LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services TruEnergy Services LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, TruEnergy Services LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by TruEnergy Services LLC should change, Philadelphia Gas Works reserves the right to require security from TruEnergy Services LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

JOHN ZUK
Vice President, Gas Supply

Mr. Jon Anderson
TruEnergy Services LLC
jon.anderson@truenergy.net

Dear Mr. Anderson:

We understand that TruEnergy Services LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania including our company's service area.

Because TruEnergy Services LLC intends to only provide natural gas aggregating, brokering and consulting services at this time, we have determined that TruEnergy Services LLC will not be required to post a bond or other form of financial security instrument to provide these services in our service area. However, if the services provided change in the future, we reserve the right to require security from TruEnergy Services LLC as deemed appropriate.

If you have any questions, please contact Jamie Levering at 570-888-9664 (Ext. 5232).

Sincerely,

Edward E. Rogers

Re: TruEnergy Services LLC

Dear Danny,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware TruEnergy Services LLC (TES) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, TES must furnish acceptable security to each utility where TES will do business. As such, under its tariff, NFGDC could require TES to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that TES intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, TES will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, TES does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by TES change in the future, NFGDC reserves the right to require security from TES as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Nicole Barker
Transportation Services Department

Re: Broker Requirements

Dear TruEnergy Services LLC:

PECO is aware that TruEnergy Services LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, TruEnergy Services LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. TruEnergy Services LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that TruEnergy Services LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by TruEnergy Services LLC the creditworthiness requirement for PECO's exposure to TruEnergy Services LLC changes in the future, PECO reserves the right to require TruEnergy Services LLC provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Respectfully submitted,

Carlos P. Thillet
