**AMENDED MOTION OF METROPOLITAN EDISON COMPANY TO DISMISS  
COMPLAINT OF ANN H. SWARTZ FOR FAILURE TO COMPLY WITH ORDERS**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

Metropolitan Edison Company (“Met-Ed” or the “Company”) by and through its attorneys, Lauren M. Lepkoski and Tori L. Giesler, and pursuant to 52 Pa. Code §§ 5.245, 5.371-5.372, hereby files this Amended Motion to Dismiss the complaint of Ann H. Swartz (“Complainant”) for her failure to comply with Administrative Law Judge (“ALJ”) Jeffrey A. Watson’s Orders or respond to discovery propounded by Met-Ed. In support thereof, the Company avers as follows:

**I. BACKGROUND**

1. On September 28, 2017, the Complainant filed a Formal Complaint with the Pennsylvania Public Utility Commission (“Commission”) regarding 532 Fauth Lane, York, Pennsylvania 17406 (“Service Location”) which was electronically served on the Company on September 28, 2017.

2. On October 18, 2017, the Company filed its Answer and New Matter denying the material allegations. On the same day, the Company also filed Preliminary Objections to the Formal Complaint.

3. On October 30, 2017, the Complainant filed an Answer to Preliminary Objection.

4. On November 3, 2017, a Motion Judge Assignment Notice was issued where the parties were informed that ALJ Watson was assigned to rule on the Company's Preliminary Objections.

5. On November 7, 2017, the Complainant filed a Reply to the Company's Answer.

6. On November 21, 2017, ALJ Watson issued an Interim Order, which denied the Company's Preliminary Objections.

7. On December 6, 2017, an Interim Order Setting Resolution Conference was issued.

8. On December 21, 2017, a Call-In Telephonic Hearing Notice was issued scheduling a hearing for April 10 and 11, 2018 before ALJ Jeffrey A. Watson.

9. On December 21, 2017, a Prehearing Order was issued by ALJ Watson which set forth the procedural schedule for the parties.

10. On December 28, 2017, in accordance with 52 Pa. Code § 5.341, the Company forwarded to the Complainant interrogatories and document requests ("Discovery Requests") via first class mail. In its Discovery Requests, the Company sought information and documents related to the Complainant's allegations regarding the Company's smart meters. A full copy of the Company's Discovery Requests is attached as Exhibit A.

11. On January 2, 2018, a Cancellation Notice was issued which cancelled the telephonic hearing scheduled for May 15, 2018.

12. On January 5, 2018, ALJ Watson issued an Interim Order Cancelling Hearing Scheduled for April 10-11, 2018 which stated, inter alia, that the prehearing order was issued in error as this matter was previously referred for mediation review and the mediation process had not yet been completed.

13. Counsel for the Company attempted to contact the Complainant pursuant to the Interim Order Setting Resolution Conference, but no return telephone calls have been received. As mediation efforts were unsuccessful and, by letter dated June 22, 2018, the Company reported to Mediator Cynthia Lehman that mediation efforts were unsuccessful and that the matter be moved onward for hearing.

14. On June 22, 2018, the Company also filed with the Commission a Motion to Compel Responses to Interrogatories and Document Requests.

15. By an undated letter received on July 5, 2018, the Complainant responded to the Company's Motion to Compel.

16. The Complainant did not file any objection to the Discovery Requests and did not provide any responses or the requested documents by the due date.

17. In addition, at no point did the Complainant contact the Company to discuss the Discovery Requests or to seek an extension of time to respond to the Discovery Requests.

18. On February 8, 2019, ALJ Watson issued an Interim Order which granted the Company's Motion to Compel and directed the Complainant to serve upon counsel for Respondent, full and complete responses to all of the Discovery Requests served upon Complainant by the Company and file a certificate of service with the Commission's Secretary not later than February 25, 2019.

19. Also on February 8, 2019, an Interim Order Establishing Initial Litigation Schedule was issued which set forth the schedule for discovery, the identification of witnesses, and filing of motions in this proceeding. Relevant to this Motion, ALJ Watson issued a witness notification deadline of April 8, 2019 and a discovery deadline of June 14, 2019.

20. On February 25, 2019, ALJ Watson received a two-page handwritten letter from the Complainant which appeared to reiterate the information in her Formal Complaint and detail her medical conditions.

21. Also on February 25, 2019, the Company received a packet of medical information and a list of references from the Complainant via first class mail. The packet had no explanation or cover letter.

22. If the information received on February 25, 2019, from the Complainant was intended to be construed as a response to certain of the Discovery Requests, the response provided was *incomplete* in contradiction to ALJ Watson's Interim Order entered February 8, 2019, which directed the Complainant to provide *full and complete* responses to *all* of the Discovery Requests.

23. At no point did the Complainant contact the Company to discuss the Discovery Requests.

24. On March 5, 2019, the Company filed with the Commission a Motion to Dismiss based upon the Complainant's failure to provide full and complete responses to the Discovery Requests.

25. On March 27, 2019, ALJ Watson issued an Interim Order Scheduling Prehearing Conference. That same day, the Commission issued a Call-In Telephone Pre-Hearing Conference Notice which scheduled a prehearing conference for April 17, 2019.

26. On April 8, 2019, in accordance with the Interim Order Establishing a Litigation Schedule, the Company provided notice and summaries of testimony for its factual and expert witnesses.

27. The Prehearing Conference was held on April 17, 2019 and all parties appeared and participated.

28. On April 17, 2019, ALJ Watson issued an Interim Order which, *inter alia*, ordered that the Complainant shall serve upon counsel for the Company full and complete responses to all of the Company's Discovery Requests no later than April 26, 2019.

29. To date, the Complainant has again failed to provide responses to the Company's Discovery Requests in contradiction to ALJ Watson's Interim Order.

30. Further, the Complainant has ignored ALJ Watson's Interim Order Establishing Litigation Schedule requiring the exchange expert and factual witness information by February 1, 2019, as no witness information has been received from the Complainant as of the filing of this Motion.

31. The Company now files this Amended Motion to dismiss the Formal Complaint of the Complainant due to her repeated failures to abide by the Interim Order of ALJ Watson and failure to exchange expert and factual witness information.

## **II. MOTION TO DISMISS**

32. The Commission's regulations permit the discovery of "any matter, not privileged, which is relevant to the subject matter involved in the pending action." 52 Pa. Code § 5.321(c).

33. Generally speaking, this Commission applies a standard of relevance which is less restrictive than that required by parties to present information into the evidentiary record. It is not grounds for objection that the information sought will be inadmissible at hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence. 52 Pa. Code § 5.321(c).

34. Discovery may be obtained regarding any matter relevant to the subject matter. Relevant evidence is evidence that tends to make an act at issue more or less probable. Moreover, evidence is relevant if it advances the inquiry in some degree and, thus, has probative value.

Although the law does not furnish an absolute test of relevancy, the Pennsylvania Supreme Court follows a two-part analysis for determining relevance. In *Commonwealth v. Stewart*, 461 Pa. 274, 336 A.2d 282 (1975), the Court held that “[i]t must be determined first if the inference sought to be raised by the evidence bears upon a matter at issue in this case and, second, whether the evidence renders the desired inference more probable than it would be without the evidence. *Id.* at 284.

35. The information sought here by the Company is relatively simple and straightforward. It is directly relevant and material to the issues raised by the Complainant. The Company is entitled to the requested information to enable it to fully investigate and defend against the Complainant’s allegations.

36. The Commission’s regulations at 52 Pa. Code § 5.371 address the consequences of a participant’s failure to comply with the Commission’s discovery regulations and provides that the Commission or the presiding officer may, on motion, make an appropriate order if a party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests.

37. Further, 52 Pa. Code § 5.372 provides that the presiding officer may impose appropriate sanctions upon a party found to be found in violation of the obligations set forth in the Commission’s regulations.

38. The Complainant has failed to provide complete responses to the Company’s Discovery Requests and failed to provide notification of any potential witnesses in contradiction to the Interim Order issued by ALJ Watson.

39. The Complainant’s actions demonstrate a consistent lack of cooperation and willingness to participate in this proceeding as required under the Commission’s regulations. As a result, the Formal Complaint in this proceeding should be dismissed in its entirety.

WHEREFORE, Metropolitan Edison Company respectfully requests that the Commission dismiss, with prejudice, the Complaint of Ann H. Swartz.

Respectfully submitted,
