Dear Rudi Miklosvary:

We are pleased that Albireo Energy, LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Albireo Energy, LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Albireo Energy, LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Albireo Energy, LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Albireo Energy, LLC changes in the future, Columbia Gas might deem it appropriate to require Albireo Energy, LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4881 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Re: Albireo Energy, LLC

Dear Rudi,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Albireo Energy, LLC (ALE) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, ALE must furnish acceptable security to each utility where ALE will do business. As such, under its tariff, NFGDC could require ALE to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that ALE intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, ALE will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, ALE does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by ALE change in the future, NFGDC reserves the right to require security from ALE as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

**RE: Albireo Energy, LLC
Application to Serve as a Natural Gas Broker**

Dear Mr. Miklosvary,

Based on your assertion that Albireo Energy, LLC ("ALBIREO") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc. ("UGIU") has concluded that ALBIREO will not need to post security with UGI Utilities, Inc. – South Rate District ("UGI South"), UGI Utilities, Inc. – North Rate District ("UGI North") or UGI Utilities, Inc. – Central Rate District ("UGI Central"). This is based on the declaration that ALBIREO will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU Tariffs. If ALBIREO wishes to directly serve Choice customers in the service territories of UGI South, UGI North and/or UGI Central in the future as a natural gas supplier, it will have to post security as specified in the respective UGI Tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Re: Broker Requirements

Dear Albireo Energy:

PECO is aware that Albireo Energy has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Albireo Energy could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Albireo Energy has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Albireo Energy does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Albireo Energy the creditworthiness requirement for PECO's exposure to Albireo Energy changes in the future, PECO reserves the right to require Albireo Energy provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.
