Dear Madam,

I am reaching out to department in regard to **C-2019-3009133**. I have been in touch with Kathy and have explained that our insurance provider has overlooked the filings and as a result filing are incomplete. We have requested that our provider forward you the documentation requested in order to show that we are insured and have had uninterrupted coverage for time period in question.

We have been unsuccessful in our attempts to rectify this situation. I will be reaching out to my provider once again in an attempt to have them complete all necessary filings as I now understand that form H has been overlooked after our providers initial attempt to rectify. We apologize for our ignorance in this matter as we are new in the industry and still uncertain of all that is required of us.

We are kindly requesting that fine be waived as a first time curtoousy. We intend to follow up with our provider once again and attempt to get all required filing in order. Please feel free to contact us if there is anything further that we can do to avoid penalties.

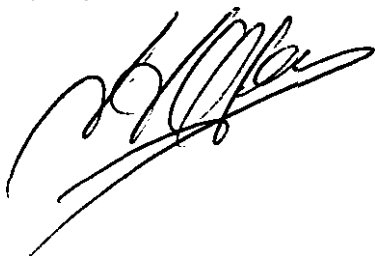

Thank You,

Hernan Ojeda
