**MOTION OF WEST PENN POWER COMPANY TO DISMISS COMPLAINT OF  
SONDRA KANSKY FOR FAILURE TO COMPLY WITH ORDER**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

West Penn Power Company (“West Penn Power” or the “Company”) by and through its attorneys, Lauren M. Lepkoski and Tori L. Giesler, and pursuant to 52 Pa. Code §§ 5.245, 5.371-5.372, hereby files this Motion to Dismiss the complaint of Sondra Kansky (“Complainant”) for her failure to comply with Administrative Law Judge (“ALJ”) Jeffrey A. Watson’s Orders. In support thereof, the Company avers as follows:

**I. BACKGROUND**

1. On October 22, 2018, the Complainant filed a Formal Complaint with the Pennsylvania Public Utility Commission (“Commission”) regarding her electric service at 226 JK Lane, Irwin, Pennsylvania 15642, which was electronically served on the Company on October 24, 2018.

2. On November 13, 2018, the Company filed its Answer and New Matter denying the material allegations in the Formal Complaint. On that same day, the Company also filed Preliminary Objections to the Formal Complaint.

3. On December 19, 2018, a Motion Judge Assignment Notice was issued assigning Administrative Law Judge (“ALJ”) Jeffrey A. Watson to this proceeding.

4. On January 9, 2019, ALJ Watson issued an Interim Order denying the Company's Preliminary Objections.

5. Also on January 9, 2019, an Interim Order Establishing Initial Litigation Schedule was issued which set forth the schedule for discovery, the identification of witnesses, and filing of motions in this proceeding. Relevant to this Motion, ALJ Watson issued a witness notification deadline of March 1, 2019 and a discovery deadline of April 19, 2019.

6. On January 11, 2019, ALJ Watson issued an Interim Order Scheduling Prehearing Conference.

7. Also on January 11, 2019, a Call-In Telephone Pre-Hearing Conference Notice was issued which scheduled a prehearing conference for February 4, 2019.

8. On January 22, 2019, in accordance with 52 Pa. Code § 5.341, the Company forwarded to the Complainant interrogatories and document requests ("Discovery Requests") via first class mail. In its Discovery Requests, the Company sought information and documents related to the Complainant's allegations regarding the Company's smart meters. A full copy of the Company's Discovery Requests is attached as Exhibit A.

9. On February 4, 2019, the prehearing conference was held and the Complainant and counsel for the Company appeared and participated. All parties agreed to modify the litigation schedule as well as provide an extension for the Complainant to object to the Company's Discovery Requests by February 20, 2019 and provide responses to the Company's Discovery Requests by March 29, 2019.

10. On February 4, 2019, an Interim Order Revising Initial Litigation Schedule was issued which set forth the revised schedule for discovery, the identification of witnesses, filing of motions, and presentation of testimony in this proceeding. Relevant to this Motion, ALJ Watson

issued a revised witness notification deadline of April 1, 2019, a revised discovery deadline of May 3, 2019, and a deadline for the presentation of direct testimony of May 17, 2019.

11. On April 1, 2019, in accordance with the Interim Order Establishing a Litigation Schedule, the Company provided notice and summaries of testimony for its factual and expert witnesses.

12. The Complainant did not file any objection to the Discovery Requests and did not provide any responses or the requested documents by the due date.

13. Due to a lack of response to the Discovery Requests, on April 23, 2019, the Company filed a Motion to Compel.

14. On May 1, 2019, ALJ Watson issued an Interim Order which granted the Company's Motion to Compel and ordered the Complainant to serve upon counsel for the Company full and complete responses to all of the Discovery Requests not later than May 17, 2019.

15. On May 10, 2019, in accordance with the Interim Order Establishing a Litigation Schedule, the Company provided a status report. No status report was offered by the Complainant.

16. To date, no response to the Discovery Requests or telephone call has been received from the Complainant.

17. Further, the Complainant has ignored ALJ Watson's Interim Order Revising Litigation Schedule requiring the exchange expert and factual witness information by April 1, 2019 and written testimony by May 17, 2019, as no witness information or written testimony has been received from the Complainant as of the filing of this Motion.

18. The Company now files this Motion to dismiss the Formal Complaint of the Complainant due to her repeated failures to abide by the Interim Orders of ALJ Watson, failure to

respond to the Company's Discovery Requests, failure to exchange expert and factual witness information, and failure to carry her burden of proof through her failure to offer any direct testimony or exhibits.

## **II. MOTION TO DISMISS**

19. The Commission's regulations permit the discovery of "any matter, not privileged, which is relevant to the subject matter involved in the pending action." 52 Pa. Code § 5.321(c).

20. Generally speaking, this Commission applies a standard of relevance which is less restrictive than that required by parties to present information into the evidentiary record. It is not grounds for objection that the information sought will be inadmissible at hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence. 52 Pa. Code § 5.321(c).

21. Discovery may be obtained regarding any matter relevant to the subject matter. Relevant evidence is evidence that tends to make an act at issue more or less probable. Moreover, evidence is relevant if it advances the inquiry in some degree and, thus, has probative value. Although the law does not furnish an absolute test of relevancy, the Pennsylvania Supreme Court follows a two-part analysis for determining relevance. In *Commonwealth v. Stewart*, 461 Pa. 274, 336 A.2d 282 (1975), the Court held that "[i]t must be determined first if the inference sought to be raised by the evidence bears upon a matter at issue in this case and, second, whether the evidence renders the desired inference more probable than it would be without the evidence. *Id.* at 284.

22. The information sought here by the Company is relatively simple and straightforward. It is directly relevant and material to the issues raised by the Complainant. The Company is entitled to the requested information to enable it to fully investigate and defend against the Complainant's allegations.

23. The Commission's regulations at 52 Pa. Code § 5.371 address the consequences of a participant's failure to comply with the Commission's discovery regulations and provides that the Commission or the presiding officer may, on motion, make an appropriate order if a party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests.

24. Further, 52 Pa. Code § 5.372 provides that the presiding officer may impose appropriate sanctions upon a party found to be found in violation of the obligations set forth in the Commission's regulations.

25. The Complainant has failed to provide full and complete responses to the Company's Discovery Requests, failed to provide notification of any potential witnesses and failed to provide written testimony in contradiction to the Interim Order issued by ALJ Watson.

26. Apart from her repeated failure to adhere to the directives of ALJ Watson, the Complainant has not only made it impossible for the Company to effectively defend itself, she has not carried the burden of proof as is required by Section 701 of the Pennsylvania Public Utility Code.

27. Specifically, the Public Utility Code, 66 Pa.C.S. § 101, *et seq.*, ("Code") provides that "...any person...may complain in writing, setting forth any act or thing done or omitted to be done by any public utility in violation, or claimed violation, of any law which the Commission has jurisdiction to administer, or any regulation or order of the Commission." *See* 66 Pa.C.S. § 701.

28. Section 703 provides that the Commission may dismiss any complaint without a hearing if, in its opinion, a hearing is not necessary in the public interest. 66 Pa.C.S. § 703(b); *see also* 52 Pa. Code § 5.21(d).

29. Here, the Complainant has made no effort to demonstrate that the Company has committed a violation of the Code or any regulation or order of the Commission. Nor has she raised genuine issues of material fact regarding the installation of a smart meter at her service location and, therefore, the Company is entitled to relief as a matter of law.

30. Even if the Complainant had provided witness testimony on or before May 17, 2019 as directed, her failure to properly respond to discovery or provide notification of witnesses to the Company have made it such that it would be impossible for the Company to properly defend itself, thereby substantially impairing its due process rights.

31. The Complainant's actions demonstrate a lack of cooperation and willingness to participate in this proceeding as required under the Commission's regulations. As a result, the Formal Complaint in this proceeding should be dismissed in its entirety.

WHEREFORE, West Penn Power Company respectfully requests that the Commission dismiss, with prejudice, the Complaint of Sondra Kansky.

Respectfully submitted,
