**Re: Letter of Notification of PPL Electric Utilities Corporation for Approval to Site and Construct the Siegfried-East Palmerton #1 & #2 and Hauto-Siegfried #1 & #4 138/69 kV Transmission Lines in Lehigh and Carbon Counties, PA
Docket No. A-2019-3009112**

Dear Secretary Chiavetta:

PPL Electric Utilities Corporation (“PPL Electric”) is providing the enclosed aerial map to provide a more accurate depiction of the property boundaries and impact of the proposed project on the property of Hunzar LLC in the above captioned Letter of Notification.

Upon receipt of the Company’s filing, Mr. Brida, on behalf of Hunzar LLC, contacted PPL Electric regarding the aerial map included as Figure 3ag. Specifically, the aerial map, which was based upon the tax assessments PPL Electric obtains from local authorities, showed that the property lines of the Hunzar LLC property were shifted from where Mr. Brida’s records indicate they are located. As a result, Figure 3ag makes the project appear to have more significant impacts to the Hunzar LLC property than those actually contemplated by PPL Electric.

As a result of discussions with Mr. Brida, PPL Electric agreed to file a supplemental aerial map of the property. Mr. Brida has reviewed and approved the enclosed aerial map as an accurate representation of the Hunzar LLC property and the transmission lines associated with this project.

If there are any questions regarding this matter, please contact the undersigned. Thank you.

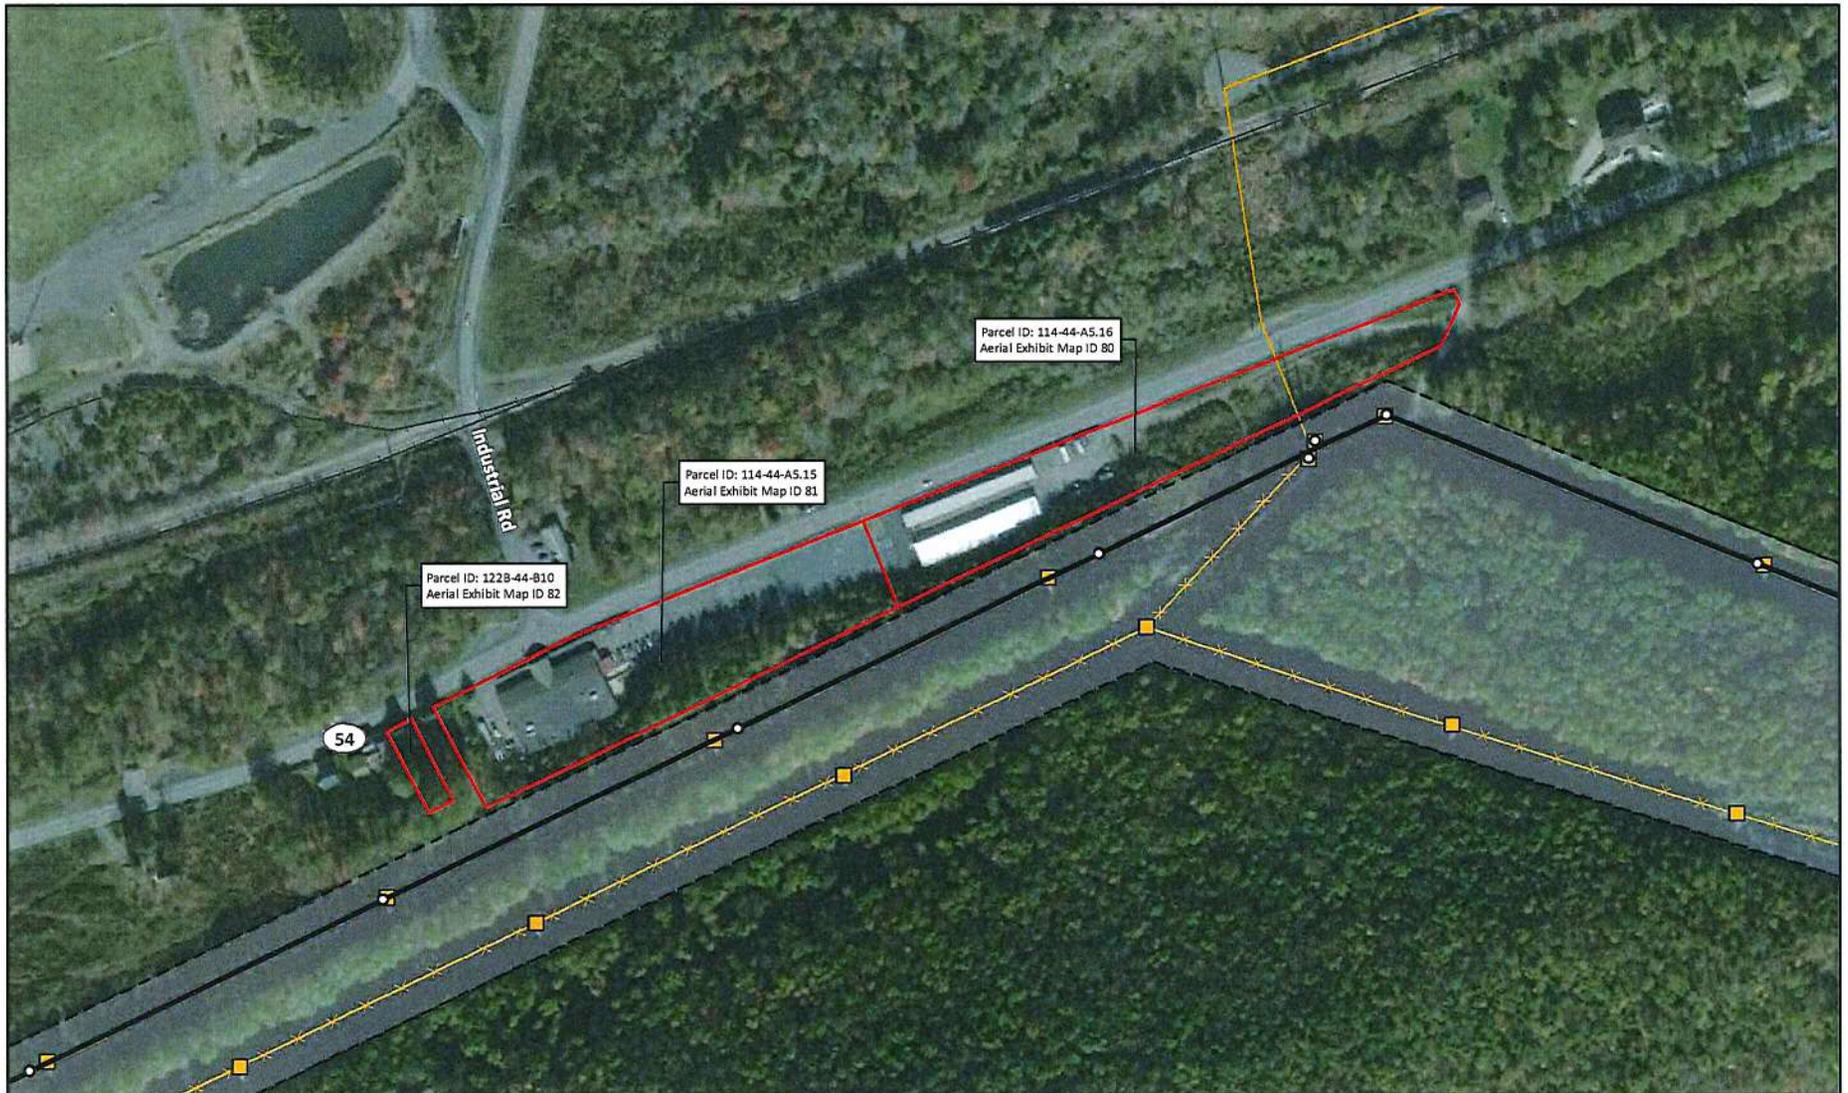

Rosemary Chiavetta, Secretary
