RE: Requested Information from Pure Energy USA PA, LLC Initial Application for a License to Supply Electricity

To Whom it May Concern,

Pure Energy USA PA, LLC ("Pure Energy USA") respectfully requests the Pennsylvania Public Utility Commission to find the enclosed and updated requests received from the commission regarding Pure Energy USA PA, LLC license application.

Enclosed you will find the following:

1. Updated Application (1st Page) containing the updated Company Name and DBA
2. Updated Original and Executed Bond
3. CD-ROM containing the updated application and all exhibits including copy of the corrected bond

Please keep under seal as "Confidential" and not make part of the public record attachments 7B-b, 7B-d, 7C, 8A-c, 8A-d, and exhibit 9. The electric utility business is highly competitive, and it is imperative that public disclosure of the confidential information contained in the documents identified above be avoided. Pure Energy USA is privately held and not a publicly traded company therefore, all its information is highly confidential. The public disclosure of Pure Energy USA's information as disclosed in response to the questions and provided exhibits noted above would create a hardship for Pure Energy USA because it would give an unfair advantage to Pure Energy USA's competitors and would likely result in economic damages to Pure Energy USA.

Thank you for your time and consideration.

Sincerely

Michael Larsen
CEO
Pure Energy USA PA, LLC
