SECRETARY'S BUREAU

Re: Timothy Lorah v. PPL Electric Utilities Corporation
Docket No. C-2019-3010473

Dear Secretary Chiavetta:

This letter is in response to a Preliminary Objection from Atty. Devin Ryan on behalf of PPL. This is concerning my formal complaint filed with the PUC in the above-referenced case. Copies will be sent to parties indicated below.

My formal complaint should be heard and is separate from my wife's complaint (Docket # C-2018-2644957). I am also negatively affected by the digital "smart" meters which PPL has installed. My symptoms are location-specific to only areas with smart meters, as I will evidence in the hearing for my case. Also, I have been witness to the ill health affects of my wife and wish to testify to this fact. Her condition, and the illegal installation of a digital meter on our second property in Port Clinton, have necessitated her need to move off-grid. Our family has been separated and everyone is affected because of her health issues, problems which have only arisen since the installation of smart meters in our area.

Also, there is new evidence of the dangers of this recently developed technology. Scientists and victims of EHS (electromagnetic sensitivity) are coming forward to disclose this new information. Again, this evidence will be presented at my future hearing.

It is my legal right to be heard in this matter on an individual basis and that right should not be denied by this commission. I am also due my day and want my voice to be recognized and heard.

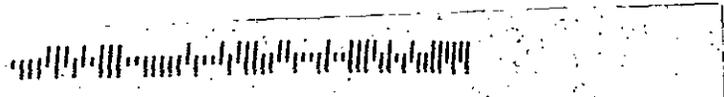

Respectfully submitted,

Timothy M. Lorah
