**MOTION OF METROPOLITAN EDISON COMPANY TO DISMISS COMPLAINT OF  
PATRICIA STEELY FOR FAILURE TO COMPLY WITH ORDERS**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

Metropolitan Edison Company (“Met-Ed” or the “Company”) by and through its attorneys, Lauren M. Lepkoski and Tori L. Giesler, and pursuant to 52 Pa. Code §§ 5.245, 5.371-5.372, hereby files this Motion to Dismiss the Formal Complaint of Patricia Steely (“Complainant”) for her to comply with Administrative Law Judge (“ALJ”) Jeffrey A. Watson’s Orders or respond to discovery propounded by Met-Ed. In support thereof, the Company avers as follows:

**I. BACKGROUND**

1. On September 17, 2018, the Complainant filed a Formal Complaint with the Pennsylvania Public Utility Commission (“Commission”) regarding her electric service at 1116 Rainbow Avenue, Reading, Pennsylvania 19605, which was electronically served on the Company on September 19, 2018.

2. On October 9, 2018, the Company filed its Answer and New Matter denying the material allegations in the Formal Complaint. On that same day, the Company also filed Preliminary Objections to the Formal Complaint.

3. On November 27, 2018, a Motion Judge Assignment Notice was issued assigning ALJ Jeffrey A. Watson to this proceeding.

4. On December 20, 2018, ALJ Watson issued an Interim Order denying the Company's Preliminary Objections.

5. Also on December 20, 2018, an Interim Order Establishing Initial Litigation Schedule was issued which set forth the schedule for discovery, the identification of witnesses, and filing of motions in this proceeding. Relevant to this Motion, ALJ Watson issued a witness notification deadline of February 14, 2019, a discovery deadline of April 15, 2019 and a status report deadline of May 2, 2019.

6. On January 15, 2019, in accordance with 52 Pa. Code § 5.341, the Company forwarded to the Complainant interrogatories and document requests ("Discovery Requests") via first class mail. In its Discovery Requests, the Company sought information and documents related to the Complainant's allegations regarding the Company's smart meters. A full copy of the Company's Discovery Requests is attached as Exhibit A.

7. By letter dated January 31, 2019 and directed to Secretary Rosemary Chiavetta at the Pennsylvania Public Utility Commission, the Complainant requested an extension of time to file a response to the Discovery Requests until May 15, 2019. The Complainant failed to provide a copy of this filing to the Company and it was only discovered after a review of the docket on the Commission's website.

8. On February 13, 2019, in accordance with the Interim Order Establishing a Litigation Schedule, the Company provided notice and summaries of testimony for its factual and expert witnesses.

9. The Complainant did not file any objection to the Discovery Requests and did not provide any responses or the requested documents by the due date. Additionally, no telephone call has been received from the Complainant regarding the Discovery Requests.

10. Further, the Complainant has ignored ALJ Watson's Interim Order Establishing Litigation Schedule requiring the exchange expert and factual witness information by February 14, 2019, as no witness information has been received from the Complainant as of the filing of this Motion.

11. Due to a lack of response to the Discovery Requests, on February 22, 2019, the Company filed a Motion to Compel.

12. On May 2, 2019, in accordance with the Interim Order Establishing a Litigation Schedule, the Company submitted a status report. No status report was submitted by the Complainant.

13. On May 13, 2019, ALJ Watson issued an Interim Order which granted the Company's Motion to Compel and ordered the Complainant to serve upon counsel for the Company full and complete responses to all of the Discovery Requests not later than May 31, 2019.

14. Also on May 13, 2019, the Complainant filed a letter in response to the Motion to Compel stating that she had requested an extension of time to respond and erroneously included incomplete responses to the Discovery Requests which have been filed with the Commission. The Complainant failed to provide a copy of this filing to the Company and it was only discovered after a review of the docket on the Commission's website.

15. At no point did the Complainant contact the Company by telephone to discuss the Discovery Requests. To date, the only responses received from the Complainant to the Discovery Requests were incomplete responses filed with the Commission on May 13, 2019. The Complainant has failed to provide *full and complete responses* to the Company's Discovery Requests in contradiction to ALJ Watson Interim Order of May 13, 2019.

16. Further, the Complainant has ignored ALJ Watson's Interim Order Establishing Litigation Schedule requiring the exchange expert and factual witness information by February 14, 2019 and submission of a status report by May 2, 2019, as no witness information or status report has been received from the Complainant as of the filing of this Motion.

17. The Company now files this Motion to dismiss the Formal Complaint of the Complainant due to her repeated failures to abide by the Interim Orders of ALJ Watson, failure to fully and completely respond to the Company's Discovery Requests and failure to exchange expert and factual witness information.

## **II. MOTION TO DISMISS**

18. The Commission's regulations permit the discovery of "any matter, not privileged, which is relevant to the subject matter involved in the pending action." 52 Pa. Code § 5.321(c).

19. Generally speaking, this Commission applies a standard of relevance which is less restrictive than that required by parties to present information into the evidentiary record. It is not grounds for objection that the information sought will be inadmissible at hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence. 52 Pa. Code § 5.321(c).

20. Discovery may be obtained regarding any matter relevant to the subject matter. Relevant evidence is evidence that tends to make an act at issue more or less probable. Moreover, evidence is relevant if it advances the inquiry in some degree and, thus, has probative value. Although the law does not furnish an absolute test of relevancy, the Pennsylvania Supreme Court follows a two-part analysis for determining relevance. In *Commonwealth v. Stewart*, 461 Pa. 274, 336 A.2d 282 (1975), the Court held that "[i]t must be determined first if the inference sought to

be raised by the evidence bears upon a matter at issue in this case and, second, whether the evidence renders the desired inference more probable than it would be without the evidence. *Id.* at 284.

21. The information sought here by the Company is relatively simple and straightforward. It is directly relevant and material to the issues raised by the Complainant in her Formal Complaint. The Company is entitled to the requested information to enable it to fully investigate what information the Complainant relied on to make the specific and detailed allegations she did in her Formal Complaint. If the Complainant needed more time to answer the Company's Discovery Requests, she could have contacted the Company to request an extension.

22. The Commission's Regulations at 52 Pa. Code § 5.371 address the consequences of a participant's failure to comply with the Commission's discovery regulations. Section 5.371 provides that:

- (a) The Commission or the presiding officer may, on motion, make an appropriate order if one of the following occurs:
  - (1) A party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests, as required under this subchapter.

23. Further, 52 Pa. Code § 5.372 provides that the presiding officer may impose appropriate sanctions upon a party found to be found in violation of the obligations set forth in the Commission's Regulations.

24. As a result of the Complainant's failure to provide complete responses to the Company's Discovery Requests and failure to provide notification of any potential witnesses in contradiction to the Interim Orders issued by ALJ Watson, she has demonstrated her lack of cooperation and willingness to participate in this proceeding as required under the Commission's regulations. As a result, the Formal Complaint in this proceeding should be dismissed in its entirety.

WHEREFORE, Metropolitan Edison Company respectfully requests that the Commission dismiss, with prejudice, the Complaint of Patricia Steely.

Respectfully submitted,

Dated: July 19, 2019
