PUC Docket No: C-2019-3010507

Enclosed are the document's that will show billing history, as well as PECO's admitted meter switching mistake. Please note I've been a resident of this address for 18 years as well. Nothing has changed except PECO's technician failing to do his job correctly. As well as a meter not correctly linked to the proper apartment VIA landlord. This was only discovered after a home inspector realized the improper meter hook up to the 3rd floor apartment. Please note that the installation of a new water heater is incorrect as well. After review of the enclosed document's it is plain to see PECO is at fault, and the current outstanding bill should be written off. Please note that PECO has already admitted to making a mistake. As a resident and a customer this is no fault of my own. This all falls on PECO.

Thanks,
