**COMMENTS IN SUPPORT OF ANSWER FILED BY
NATURAL RESOURCES DEFENSE COUNCIL**

Trinity Solar submits these comments in support of the July 30, 2019 answer filed by Natural Resources Defense Council ("NRDC") to the Petition of PPL Electric Utilities Corporation ("PPL") for Approval of Tariff Modifications and Waivers of Regulations Necessary to Implement its Distributed Energy Resources Management Plan. Trinity Solar is a residential solar installer operating in the PPL utility territory and PPL's petition is quite harmful to our ongoing ability to sell and install solar electric systems in their district.

For the reasons set forth in NRDC's answer, Trinity Solar agrees that the Pennsylvania Public Utility Commission ("PUC") should deny the Petition or, in the alternative, suspend the proposed tariff revisions and establish necessary proceedings to allow interested parties an opportunity to thoroughly examine the major policy and technical issues raised by the Petition.

Although Trinity Solar is not seeking to intervene in this proceeding at this juncture, it respectfully requests that the PUC notify it of any hearings or other actions taken by the PUC with respect to the Petition.

Respectfully submitted,

Ed Merrick
