Re: Docket No. C-2018-3004647

RECEIVED

JUL 19 2019

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

Dear Sec. Chiavetta:

Enclosed is a formal motion to not dismiss the above docket case #, and to let stand the matter at hand.
This reply dated July 2, 2019

Firstly, the discovery request by the complainant received no response to the certified letter dated Oct 22, 2018. (Please Review)

Secondly, the discovery requests made by the companies counsel were extended to the date of May 31st, 2019 by Judge ALJ Watson, and were responded to on May 22, 2019, and stated so by the company itself (see page 4 of letter dated June 28, 2019) from MetEd/First Energy.

Thirdly, the complainant has never contracted or entered into any agreement with the utility and its company to allow this type of equipment or its device to be placed on their home, or property. Thus further violating the law, and consumers right

By letting this case stand, our legislators will have better access to consumer cases and violations incurred by utility customers.

Let it also be noted that this letter of response was addressed and answered within 24 hours of receipt, that being July 2, 2019.

The 5 day response has been complied with even though unreasonable, and another adverse tactic of the company to throw a decision thru default of complainant, "while celebrating our independence of foreign rule"

John B. Siegle
Respectfully Yours
