SECRET PA PUC (REAV)

Appendix E

Sample Disclosure Statement Format for Natural Gas Suppliers

This is an agreement for natural gas services, between (*NGS name*) and (*customer's name and full address*).

Background

We at (*NGS name*) are licensed by the Pennsylvania Public Utility Commission to offer and supply natural gas services in Pennsylvania. Our PUC license number is (*A-XXXX-XXXXXXXX*).

- Commodity prices and charges are set by the natural gas supplier you have chosen. The Public Utility Commission regulates distribution or delivery prices and services.
- *Include one of the two following options:*
 - You will receive a single bill from (*billing agent name*) that will contain (*NGDC name*) charges and (*NGS name*) charges.
 - You will receive a separate bill from (*NGS name*) for generation charges and a separate bill from (*NGDC name*) for its charges.
- Right of Rescission - you may cancel this agreement at any time before midnight of the third business day after receiving this disclosure. You can contact us by phone, in writing or electronically (if available) to cancel this agreement. See Section (X) for how to contact us.

Definitions

Define any terms that may not be commonly understood by consumers. See the glossary on www.pagasswitch.com for standard definitions.

- Commodity charges: *The charges for basic gas supply service which is sold either by volume (Ccf or Mcf) or heating value (Dekatherms).*
- Nonbasic Charges - *Define each nonbasic service being offered.*

Terms of Service

1. **(a) Basic Service Prices** - *Itemize Basic Services you are billing for and their prices.*

Include one of the following options:

FIXED PRICE: You will pay (NGS Price) per (Mcf/Dth/ccf) for the commodity of natural gas.

- *Explain what is included in this price. The NGS's basic service price should include everything that is included in the NGDC's Price-to-Compare. Suggested language: "This price includes natural gas commodity charges, estimated Total State Taxes, but excludes applicable state and local Sales Tax."*

VARIABLE PRICE: You will pay a variable price that can change (monthly, quarterly, etc.). The price for the first billing period will be (NGS price).

- *Explain what is included in this price. The NGS's basic service price should include everything that is included in the NGDC's Price-to-Compare. Suggested language: "This price includes natural gas commodity charges and estimated Total State Taxes, but excludes applicable state and local Sales Tax."*
- *Suppliers are to include any variable pricing conditions and limits. If there are no limits, the NGS shall clearly and conspicuously state that there is no limit on how much the price may change from one billing cycle to the next. Information on the limits of price variability, or the lack of limits, must appear in a larger type size. The customer also needs to be informed of when and how they will receive notification of price changes. For example, if the customer is not going to be notified of price changes until the new price appears on their bill, the customer should be informed of this. If the customer will be receiving advance notice of price changes, the customer should be told when and how these notices will be provided.*
- *More information about this variable price product, including what this price has been for the past 24 months, can be found at (www.companywebsite.com) or you can call ((XXX) XXX-XXXX). However, please remember that past prices do not indicate present or future prices.*

INTRODUCTORY PRICE: You will pay an Introductory Price of (NGS Price) per (Mcf/Dth/ccf) for the commodity of natural gas for the first XX months/billing cycles. After this Introductory Price expires, you will pay (NGS Price) per (Mcf/Dth/ccf) for the commodity of natural gas.

- *Explain what is included in this price. The NGS's basic service price should include everything that is included in the NGDC's Price-to-Compare. Suggested language: "This price includes natural gas commodity charges and estimated Total State Taxes, but excludes applicable state and local Sales Tax."*

If the price is variable, the information found above concerning VARIABLE PRICES must be included.

(b) Other Basic and Nonbasic Service Prices - Itemize other Basic and Nonbasic Services you are offering and their prices. This includes any monthly fees, if applicable.

Exclusions

4. Special Services - Provide explanation of price, terms and conditions, if applicable.

5. Penalties, Fees and Exceptions - List any that apply, including a late payment charge.

Penalties/Fees assessed on a customer for early termination of the agreement should be in plain language and easy for the customer to understand. The penalty/fee should be listed as a dollar amount or explained so that the customer can easily determine the amount of the penalty. The print size for this section must be larger than the print in the rest of the agreement.

6. Cancellation Provisions - This category may consist of both customer initiated cancellation provisions and supplier initiated cancellation provisions.

7. Agreement Expiration/Change in Terms

If you have a fixed duration contract approaching the expiration date, or whenever we propose to change the terms of service, you will receive two separate written notifications, the first approximately 60 to 75 days in advance and the second 45 days in advance of either the expiration date or the effective date of the proposed changes. These notifications will explain your options going forward.

8. Dispute Procedures

Contact us with any questions concerning our terms of service. See Section (X) for contact information.

9. Contract Assignment

If the contract is assignable, the NGS needs to include a section informing the customer of this possibility. The customer should be informed that contract terms and conditions remain unchanged under an assignment, and that the customer will receive prior notification of any subsequent assignment. If an assignment occurs, the NGS shall provide notice to the affected customer, the affected NGDC and the Commission. The customer notice must include the name of the new NGS, the contact information for the new NGS and language informing the customer that contract terms and conditions remain unchanged. See 52 Pa. Electronic Data Interchange and Internet Requirements

Any NGS suppliers and/or broker/marketers that wish to use the Electronic Data Interchange (EDI), in the NGDCs where its available, must meet the EDI certification requirements of the NGDC. Certification is a testing process using the Commission approved Internet protocol. To initiate this process, the NGS is encouraged to contact the NGDC as early as possible after filing an application for a license with the Commission, since certification may require as many as four months to complete and customer service contract dates may not commence prior to certification. NGDC requirements of new suppliers may be found on the respective NGDC home web page. Pennsylvania's industry stakeholder group the Electronic Data Exchange Working Group (EDEWG) develops and maintains the EDI transactions and related business practices, which are found on the Pa. PUC website at http://www.puc.pa.gov/filing_resources/issues_laws_regulations/electronic_data_exchange.aspx. The EDEWG meets telephonically the first Thursday of each month at 2:00pm ET to discuss EDI change control requests and other issues.

To keep current with Pennsylvania EDI practices and policies, a newly licensed NGS may choose to participate in the EDEWG by contacting the following:

Dear Michelle Castro:

We are pleased that Dynamis Energy, LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Dynamis Energy, LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Dynamis Energy, LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Dynamis Energy, LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Dynamis Energy, LLC changes in the future, Columbia Gas might deem it appropriate to require Dynamis Energy, LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4881 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

RE: Security Requirement Bond for Dynamis Energy, LLC

Dear Ms. Castro:

Philadelphia Gas Works ("PGW") is aware that Dynamis Energy, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Dynamis Energy, LLC must furnish acceptable security to each utility where Dynamis Energy, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Dynamis Energy, LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Dynamis Energy, LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Dynamis Energy, LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Dynamis Energy, LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by Dynamis Energy, LLC should change, Philadelphia Gas Works reserves the right to require security from Dynamis Energy, LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

Dear Ms. Castro:

We understand that Dynamis Energy, LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania including our company's service area.

Because Dynamis Energy, LLC intends to only provide natural gas aggregating, brokering and consulting services at this time, we have determined that Dynamis Energy, LLC will not be required to post a bond or other form of financial security instrument to provide these services in our service area. However, if the services provided change in the future, we reserve the right to require security from Dynamis Energy, LLC as deemed appropriate.

Re: Dynamis Energy, LLC

Dear Michelle,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Dynamis Energy, LLC (DYE) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, DYE must furnish acceptable security to each utility where DYE will do business. As such, under its tariff, NFGDC could require DYE to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that DYE intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, DYE will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, DYE does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by DYE change in the future, NFGDC reserves the right to require security from DYE as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Re: Broker Requirements

Dear Dynamis Energy, LLC:

PECO is aware that Dynamis Energy, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Dynamis Energy, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Dynamis Energy, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Dynamis Energy, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Dynamis Energy, LLC the creditworthiness requirement for PECO's exposure to Dynamis Energy, LLC changes in the future, PECO reserves the right to require Dynamis Energy, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Dear Ms. Castro:

We are pleased that Dynamis Energy, LLC has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, Peoples Natural Gas Company LLC – Equitable Division, and Peoples Gas Company LLC (formerly Peoples TWP) (“the Companies”).

Since Dynamis Energy, LLC is not currently serving customers on the Peoples systems, we have determined at this time that Dynamis Energy, LLC does not need a bond or other financial security requirement to provide these services to the Company’s customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company’s exposure to Dynamis Energy, LLC provision of services on the Peoples’ system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6593 or by email at Andrew.Wachter@peoples-gas.com.

**RE: Dynamis Energy, LLC
Application to Serve as a Natural Gas Broker**

Dear Ms. Castro,

Based on your assertion that Dynamis Energy, LLC ("Dynamis") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc. ("UGIU") has concluded that Dynamis will not need to post security with UGI Utilities, Inc. – South Rate District ("UGI South"), UGI Utilities, Inc. – North Rate District ("UGI North") or UGI Utilities, Inc. – Central Rate District ("UGI Central"). This is based on the declaration that Dynamis will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU Tariffs. If Dynamis wishes to directly serve Choice customers in the service territories of UGI South, UGI North and/or UGI Central in the future as a natural gas supplier, it will have to post security as specified in the respective UGI Tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.
