Dear Rosemary Chivetto.

Please do not Dismiss my case of not
Wanting a smart meter for health reasons at my
address. I spoke with Lauren M Hepkeski
at Tori L. Geisler's office about this matter.
8/14/19. She said I need to ask judge for extension.
I am disabled and have health issues I feel will
be worsened by having smart meter applied. Thank you
for your assistance. I would like extension to Oct. 31st 2019
due to difficulty getting all my questions and information
completed.

Sincerely 
Patricia J. Steady

I have been struggling with health issues and also
from an increase of problems of my autoimmune issues and
Chronic illness. I had a car rear-end mine May 23 2019.
Which has caused complications. 250..
