**WEST PENN POWER COMPANY** :

**VERIFICATION IN SUPPORT OF PETITION FOR EMERGENCY RELIEF FILED**

**AUGUST 19, 2019**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

AND NOW, Pursuant to PA Code 52, Section 3.2, I, Christopher L. Macey, (Complainant), *pro se*, hereby file this Verification in support of a Petition for Emergency Relief.

**I. Statement of Facts**

1. On January 10, 2019, the Petitioner executed a settlement agreement with West Penn Power Company (the Respondent) whereby the Respondent agreed to install the smart meter on a utility pole relocated away from the Petitioner's residence. The Petitioner was to install a separate utility pole at the location specified by the Respondent's "designer."
2. West Penn Power filed a CERTIFICATE OF SATISFACTION with the PA PUC on January 16.
3. Petitioner contracted with Valley Electric on April 26, 2019 to install the utility pole and assemble a feeder wire from the pole to Petitioner's residence and tie-in to Petitioner's electrical panel. The cost to the Petitioner is \$4,479.
4. West Penn Power's designer did not visit Petitioner's residence until mid-April to locate the position for the utility pole.
5. Excessive rainfall in May, June and July caused Valley Electric to delay installation of the utility pole.
6. Petitioner has notified the Respondent of delays in the contractor's work, the most recent was an e-mail message dated July 12, 2019 addressed to Scott Curcio (copy to West Penn Power's attorney Lauren Lepkoski) advising that Valley Electric was still experiencing weather delays in the installation. Petitioner received NO RESPONSE from this message, or any other correspondence from the Respondent, West Penn Power, regarding the delays in the installation.
7. On Friday August 16, 2019 at 10:22 AM, Petitioner received an e-mail message from the Respondent (Lauren M. Lepkoski, Esq.) stating that "the Company will be installing the smart meter at your residence."

8. At approximately 1:30 PM on the same day, August 16, 2019, West Penn Power, or their agent, installed a smart meter on Petitioner's house at 201 Highland Avenue S, Oakdale, PA. The meter installer did not announce himself to anyone inside the residence or advise anyone what he was doing.
9. West Penn Power (Respondent) has been unresponsive to this event and many other previous requests that Complainant has sent to them.
10. Petitioner's spouse, Elizabeth Vienna, has emf-hypersensitivity and suffers pain, discomfort from electronic devices that emit radio frequency or microwave frequency signals.
11. Beginning approximately 1:30 PM, following the installation of the smart meter, on August 16, 2019, Elizabeth Vienna has suffered headache, cranial pain, nausea and general anxiety when at Petitioner's (and her) residence of 201 Highland Avenue S, Oakdale, PA.

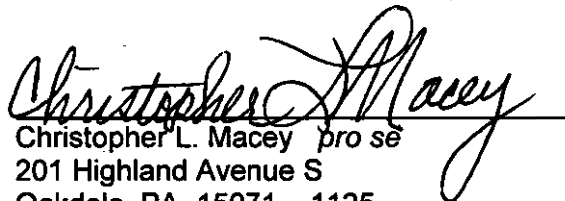

## II. Verification

1. Petitioner's right to relief is clear.
2. Due to the pain and suffering that Elizabeth Vienna is experiencing, the need for relief is IMMEDIATE.
3. The relief cannot be mitigated until the smart meter is removed from the house, and as such, the injury is irreparable.
4. The relief requested is not injurious to the public interest.

## III. Conclusion

I, Christopher L. Macey, hereby state that the facts above set forth are true and correct to the best of my knowledge and that I expect to be able to prove the same at a hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. Section 4904 (relating to unsworn falsification to authorities).
