Re: Lawrence and Debra Esposito v. PPL Electric Utilities Corporation
Docket No. C-2019-3007334

Your Honor:

Enclosed please find PPL Electric Exhibit CD-5, which is a supplemental exhibit to the direct testimony and exhibits of Dr. Christopher Davis (PPL Electric Statement No. 1). PPL Electric Exhibit CD-5 simply is a graphical representation of Dr. Davis's testimony comparing the radio frequency ("RF") fields from PPL Electric's automated metering infrastructure meters ("AMI") to the RF exposures caused by television broadcasting within a 50-mile radius of the Complainant's property

Our office experienced firm-wide issues with its computers and servers yesterday, due to a fiber cable being cut accidentally during construction yesterday in Philadelphia. As a result, we could not prepare any letters, certificates of service, or mailing labels yesterday.

Copies will be provided as indicated on the Certificate of Service.

Respectfully submitted,

Devin Ryan
